The Humphrey Brothers Foundation is a private, nonprofit charitable institution founded for the purpose of assisting construction industry workers who are parents of special needs children and have a financial need in caring for those children. There are four criteria for consideration for an assistance grant from the foundation:

1. You must be a resident of either Harris County, Texas or Bexar County, Texas;
2. You must be an employee, contractor or laborer working within the construction industry, as defined under Section 23 of the North American Industry Classification System;
3. You must have a child or dependent with a physical or mental impairment, long-term illness or serious injury that substantially limits one or more of the major life activities of that child; and
4. You must demonstrate financial need.

Applicants may apply for financial aid for education, special equipment or for such other purposes as the foundation finds appropriate.
