# The Problem

- Many startups lack access to affordable, high-quality design.
- Hiring full-time designers is costly for early-stage ventures.

Poor design

=

Lost user trust  
and  
engagement.

## The Solution

- On-demand design packages tailored for startups.
- Fast turnaround, transparent pricing, and expert designers.
- Flexible, scalable to client needs.

# Service Packages

Package	Deliverables	Ideal For	Price (INR)	Timeline
Starter	Logo, brand colors, 1 landing page	MVP launches, basic branding	₹12,000	1 week
Growth	5 UI screens, web/app design, 2 revs.	Apps/websites in development	₹30,000	2 weeks
Premium	Full design system, 10+ screens, support	Scaling startups, design overhaul	₹65,000	3-4 weeks

Customization available on request. All packages include a kickoff call, project tracking, and final asset delivery.

# How It Works

1. Select a package

2. Share your requirements

3. Collaborate & review

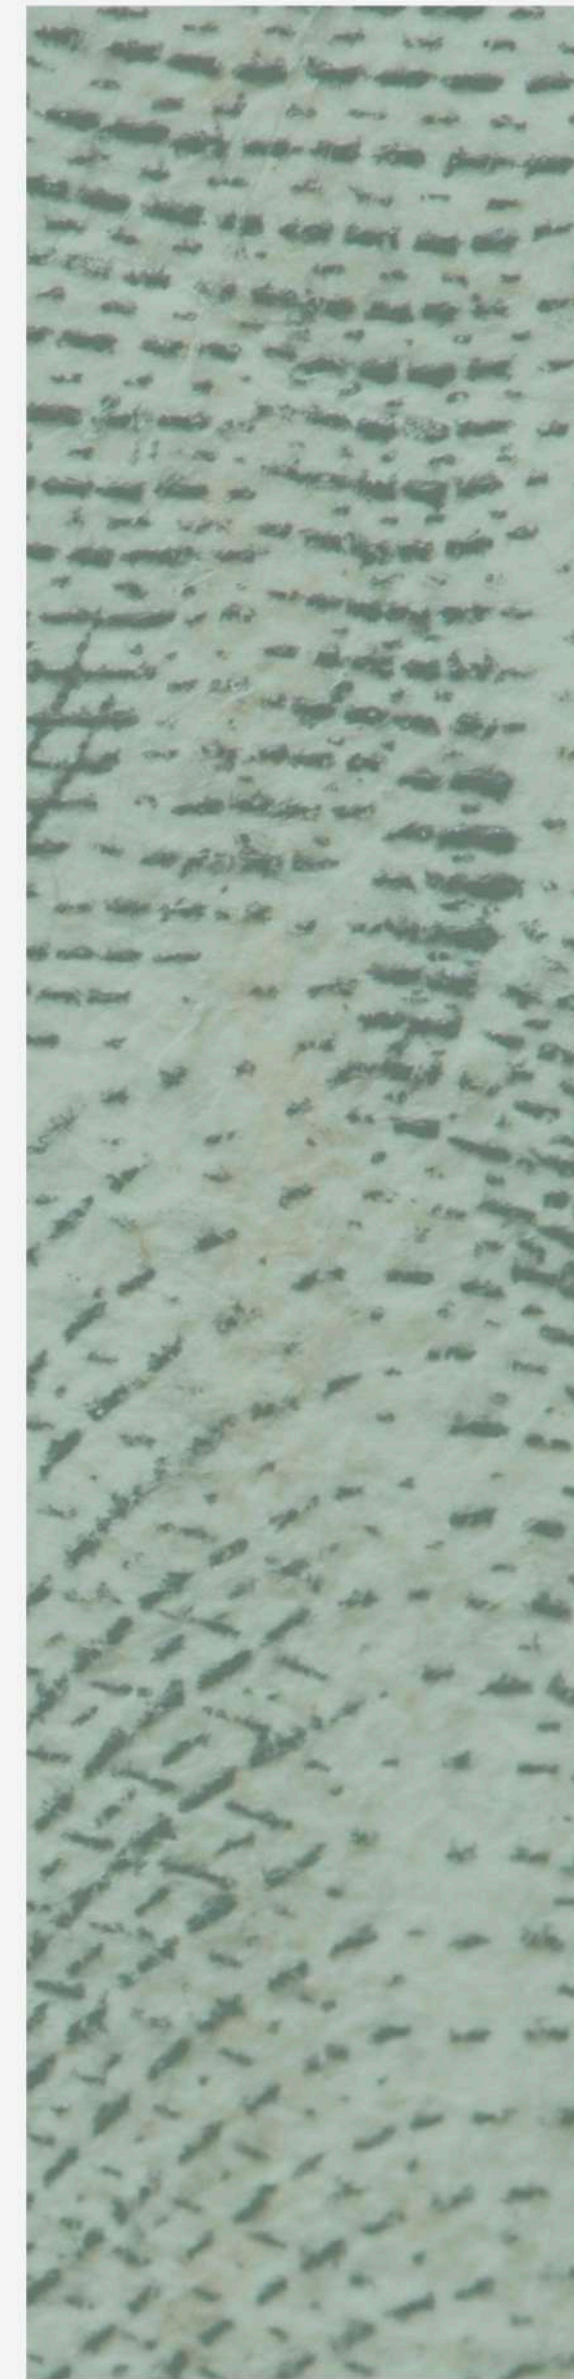

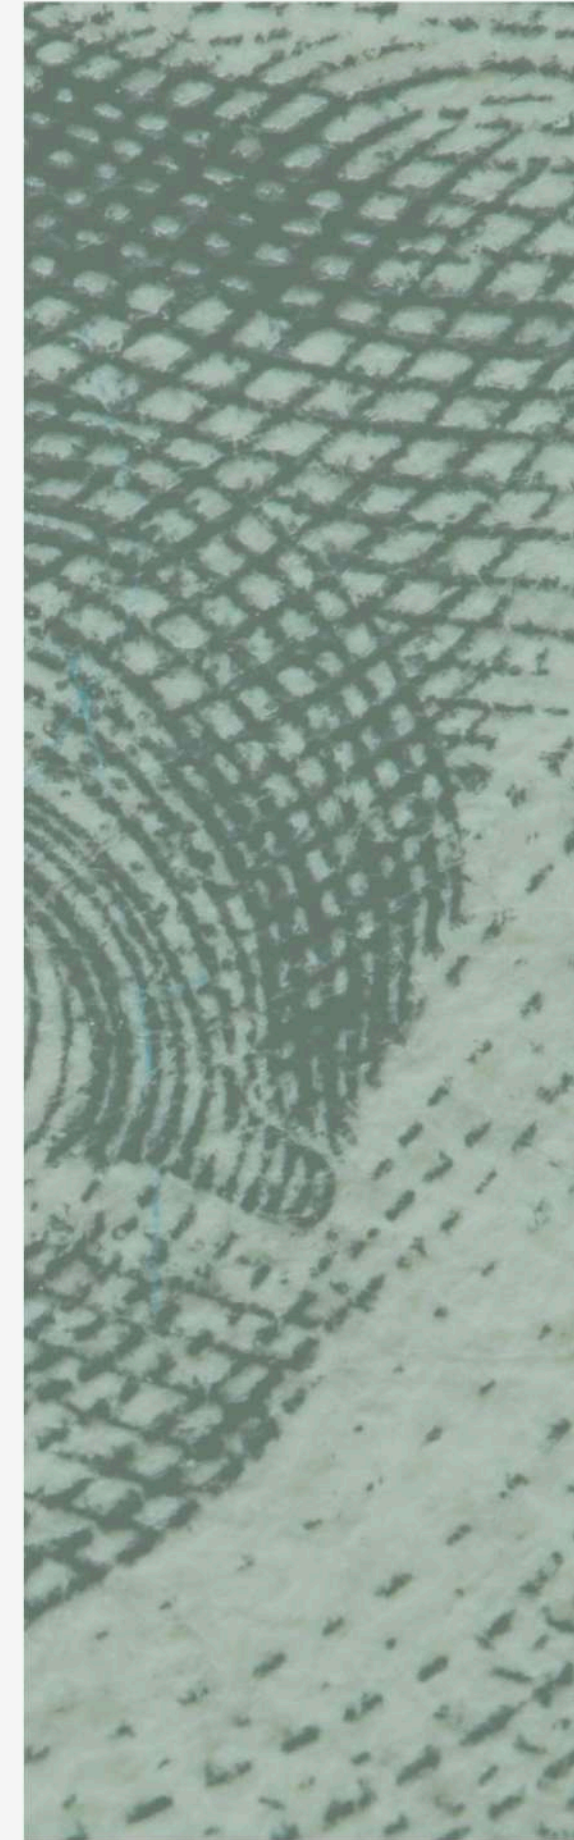

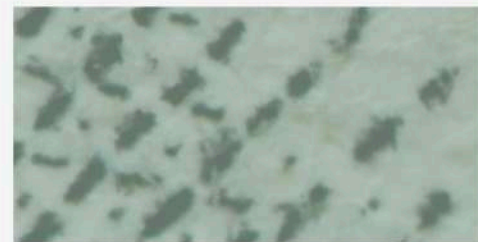

4. Receive all design assets

# Value Proposition

- **Cost savings** versus hiring in-house.
- Rapid delivery and revisions.
- Dedicated design expertise.
