B. Licensing Procedures

1. Application for a License

- a. Child care (daycare or nighttime care) shall not be provided or advertised prior to issuance of a license, six-month permit, or approval.
- b. Any person, group of persons or corporation may obtain an application form for a license to operate a child care center by contacting the Department of Human Resources. (See Code of Alabama 1975 Section 38-7- 4).
- c. An application for a license to operate a child care center shall be made to the Department of Human Resources on the required form(s) and shall contain all information requested on the form(s). (See Appendix A, page 67, for required form(s).) A separate application shall be submitted for each proposed center.
- d. An application for a license is not transferable from one person, group of persons, or corporation to another or from one location to another.
- e. The Licensing Application Attachment shall be submitted to the Department, on the required form, prior to a license, six-month permit, or approval being issued. (See Appendix B, page 73, for required form.)
- f. Quality Rating Improvement System
 - (1) The Quality Rating Improvement System (QRIS) is a voluntary program based on a systemic approach to assess, improve, and communicate the level of quality in early care and education programs in the state.
 - (2) Initially, all licensed providers not on an adverse action will be enrolled as a participant in the QRIS program as a Star 1 rated facility. A licensed provider may choose to opt out of the QRIS program by providing the DHR Child Care Services Division written notice within sixty days of the adoption of these standards.
 - (3) If a provider chooses not to participate in the QRIS system, no star rating will be assigned, and the provider will be indicated as a “non-participant”.
 - (4) All applicants for a license or for renewal shall indicate on the application in the space provided whether the applicant chooses to participate in the QRIS program or whether the applicant chooses to be a non-participant in the QRIS program. Participation in QRIS program is voluntarily, and the decision to be a non-participant shall have no effect on the license issued pursuant to these standards. The QRIS Star rating earned by a participating provider shall have no effect on the license issued pursuant to these standards.
 - (5) A provider’s decision regarding QRIS participation **may only be changed when requested on the next Licensing Renewal Application.**

2. Prohibited Advertisement

- a. No person, unless licensed or holding a six-month permit, may cause to be published any advertisement which solicits a child or children for care. To solicit a child or

- b. Prohibited advertisement includes, but is not limited to, printed and published material; descriptive literature and aids; speeches, talks, and presentations; flyers; booklets and pamphlets; signs and posters; illustrations and depictions; newspaper, radio, television, magazine, Internet, and other media advertising; letters and direct mail advertising; and any materials used by agents. Prohibited advertisement also includes printed and illustrated material or descriptions on cups, mugs, pens, pencils, or other objects.
- c. The following activity does not constitute prohibited advertisement:

- d. The permit is not transferable from one person or group of persons or corporation to another, nor from one building or location to another.

- f. If the application is denied for failure to meet standards during the six-month permit period, the center shall not continue to operate.

6. Renewal of a License

- a. Application for renewal of a license to continue operating a child care center shall be made to the Department at least thirty (30) calendar days prior to the expiration date of the current license, and shall be on the required form(s). (See Appendix A, page 67, for required form(s).) It is the sole responsibility of the licensee to obtain the required form(s) and to submit the form(s) to the Department on time.
- b. A renewal of a license shall be issued, if, upon investigation and re-examination, the child care center continues to meet and maintain standards prescribed and published by the Department.
- c. If, upon inspection and re-examination, standards are not met, appropriate corrective or adverse action shall be instituted. (See Section J, pages 57-60, for additional information.)
- d. The center's license continues in effect until a decision is made by the Department on the application for renewal, provided that the application for renewal is timely (received at least thirty (30) calendar days prior to the expiration date of the current license) and sufficient (complete and accurate). (See Code of Alabama 1975, Section 41-22-19.)
- e. If the application for renewal is not timely (not received at least thirty (30) calendar days prior to the expiration date of the current license) and sufficient (not complete and accurate), the center's license will expire on the expiration date shown on the license. If the licensee continues to operate the center after the expiration date, the licensee will be reported to the District Attorney and the Attorney General for operating an unlicensed child care facility.

7. Department Visits, Inspections, Investigations, Examinations, and Consultation

- a. Visits to the center are made by representatives of the Department to determine if standards are met, to investigate a complaint and to offer consultation.

- c. Annual visits made for the purpose of determining compliance with standards or investigating a complaint shall be made without prior notice.
- d. The applicant/licensee may request consultation.
- e. The licensee shall be informed of complaints of alleged licensing violations made to the Department against the center/licensee.
- f. The licensee/center staff shall not be informed of the identity of the complainant by the Department.

8. Provisions of the License, Six-month Permit, or Approval

- a. Licenses issued by the Department to day care centers and nighttime centers are valid for two (2) years, as shown on the license, unless revoked or suspended by the Department or voluntarily surrendered by the licensee.

- c. The age range of the children served shall not vary from the limits specified on the license, permit, or approval.
- d. The license, permit, or approval is not transferable from one (1) person or group of persons or corporation to another, nor from one building or location to another.
- e. The Department and its authorized representatives shall have the right to inspect:
 - (1) any child care facility seeking a license;
 - (2) any child care facility seeking renewal of a license;
 - (3) any child care facility which is operating under a license or six-month permit or approval.

Such inspection shall be made at any reasonable time, without prior notice, and may include the entire facility and grounds. Pre-licensing visits may be made by appointment.
- f. The Department shall have the right to immediately suspend, limit, or restrict the license, permit, or approval of a child care facility when conditions hazardous to the health and safety of the children exist, including but not limited to:
 - (1) The right to restrict, limit, or suspend specific activities provided by the child care facility, such as but not limited to: away-from-facility activities; transportation of the children; swimming.

Written notice of the corrective or adverse action shall be posted at each public entrance of the child care center.

None of these requirements are to be interpreted to allow a center to operate in violation of the standards or out of compliance with the standards.

Types of Corrective Actions

1. Deficiency Report

If an inspection, evaluation, or investigation indicates non-compliance with the standards (deficiency), a deficiency report shall be prepared by the Department. A deficiency report is prepared in conjunction with or subsequent to a visit to the center, or after investigation of a substantiated complaint regarding the center. In any visit to the center in which deficiencies are observed or noted, the licensing representative shall complete a deficiency report, and discuss the deficiencies observed or noted with the licensee or facility representative. A copy of the completed deficiency report shall be provided to the licensee or facility representative. No deficiency report shall be completed in conjunction with a pre-licensing visit.

2. Corrective Action

- a. If an inspection, evaluation, or investigation indicates continued or repeated non-compliance with the standards, or if areas of non-compliance indicated previously on a deficiency report are not corrected, a corrective action plan may be developed to allow the licensee to achieve compliance with the standards while continuing to care for children. The corrective action plan shall include: a statement of each deficiency; a description of how the deficiency shall be corrected; the date by which corrections shall be completed; and the signature of the Department's representative and the licensee or facility representative.
- b. During the corrective action period, the licensee shall correct each deficiency (area of noncompliance) and shall report the corrections to the Department. The length of time the corrective action plan remains in effect shall be determined based on the nature of the areas of noncompliance. If the licensee fails or refuses to comply with the standards and the terms of the corrective action plan, the

Department may initiate adverse action such as probation or revocation of the license, permit, or approval.

- c. Requests for changes to the provisions of the license such as increases in licensed capacity or changes in the ages of the children received for care, shall not be granted during the corrective action period.

3. Restriction or Modification of the Provisions of the License, Permit, or Approval

The Department shall have the right to immediately suspend, limit, or restrict the license, permit, or approval of a child care center when conditions hazardous to the health and safety of the children exist, including but not limited to:

- a. The right to restrict, limit, or suspend specific activities provided by the child day care/nighttime center, such as but not limited to: away-from-the-center activities; transportation of the children; swimming.
- b. The right to restrict or limit the use of specific areas of the center, such as but not limited to: outdoor play areas; bathrooms; rooms/activity areas used by the children.
- c. The right to reduce the licensed/permitted capacity of the center or to amend the ages of children to be served, due to restricted use of required space or bathroom facilities or lack of qualified staff to meet required staff-child ratios. (See Section D., 1., a., page 22, for required ratios.)

Types of Adverse Actions

If a facility is placed on adverse action, the facility's participation in the State's Quality Rating Improvement System will be revoked. Facilities may resume participation in the Quality Rating Improvement System at the next licensing renewal if the facility is no longer on adverse action.

4. Probationary Status

- a. If an inspection, evaluation, or investigation indicates non-compliance with the standards, or if conditions exist that could pose a hazard to the health and safety of the children in care, a period of probationary status may be instituted to allow the licensee to achieve compliance with the standards while continuing to care for children. At the beginning of the probationary period the licensee shall be provided with: a statement of each deficiency; a description of how the deficiency shall be corrected; the date by which corrections shall be completed; and the signature of the Department's representative and the licensee or facility representative.
- b. During the probationary period, the licensee shall correct each deficiency (area of noncompliance) and shall report the corrections to the Department. The length of the period of probationary status shall be determined based on the nature of the areas of noncompliance. The maximum period shall be six (6) months. At the end of the probationary period, the center's license shall be returned to active status if the center is in compliance with the standards. If the licensee fails or refuses to comply with the standards during the probationary period, the Department may initiate revocation of the license, permit, or approval.

- c. Requests for changes to the provisions of the license such as increases in licensed capacity or changes in the ages of the children received for care, shall not be granted during the period of probationary status.

5. Revocation of a License

(See Section 38-7-8, Code of Alabama 1975.)

The Department may revoke or refuse to renew the license of the child care facility or refuse to issue a full license to the holder of a six-month permit should the operator(s):

- b. Violate the provisions of the license or permit issued;
- c. Furnish or make any misleading or any false statements or reports to the Department;
- d. Refuse to submit to the Department any reports or refuse to make available to the Department any records required by the Department in making investigation of the child care facility for licensing purposes; provided, however, that the Department shall not revoke or refuse to renew a license in such case unless it has made written demand on the person, firm or corporation operating the facility requesting such report or reports and such person, firm or corporation fails or refuses to submit such records for a period of ten days.
- e. Fail or refuse to submit to an investigation by the Department;
- f. Fail or refuse to admit authorized representatives of the Department at any reasonable time for the purpose of investigation;
- g. Fail to provide, maintain, equip and keep in safe and sanitary condition the premises established or used for child care as required under standards prescribed by the Department, or as otherwise required by any law, regulation or ordinance applicable to such facility;
- h. Refuse to display its license or permit; or
- i. Fail to maintain financial resources adequate for the satisfactory care of children served in regard to upkeep of premises and provisions for personal care, medical services, clothing, learning experience and other essentials in the proper care, rearing and training of children.

If the Department makes the decision to revoke or refuse to renew the license, approval or six-month permit, a pre-revocation hearing shall be held. The purpose of the pre-revocation hearing is to provide adequate notice of the intended revocation and provide sufficient opportunity for the licensee, permit or approval holder to show why the action should not be taken.

6. Suspension of a License, Permit, or Approval

In accordance with the Code of Alabama 1975, the Department has the authority to immediately suspend without notice the license, six-month permit, or approval, if an inspection by the Department of a licensed, permitted, or approved child care facility discloses any condition, deficiency, dereliction, or abuse, which is, or could be, hazardous to

the health, safety, or physical, moral, or mental well-being of the children in the care of the child care facility being inspected. In this event, the child care facility shall not operate during the pendency of any proceeding for a fair hearing or judicial review, except under court order. The suspension may remain in effect for a period of no longer than 120 days and shall not be renewable. The license, permit, or approval shall not be suspended for the same or a substantially similar emergency within one calendar year from its first suspension unless the emergency could not have been reasonably foreseen during the initial 120 day period that such emergency would continue or would likely reoccur during the next nine months. When such summary suspension is ordered, a formal suspension or revocation proceeding shall also be promptly instituted and acted upon.

7. Penalty for Unlicensed Facilities

- a. If the Department representative determines, through investigation, that any person, group of persons, or corporation is, or has been, operating a child care facility without a license, six-month permit, or approval, the results of the investigation shall be reported to the Attorney General and to the appropriate District Attorney for prosecution. (See Code of Alabama 1975.)
- b. Any person, group of persons, association or corporation who conducts, operates or acts as a child care facility without a license, or a six-month permit or an approval... is in violation of the provisions of Title 38, Chapter 7, Code of Alabama 1975... or any person, etc., who violates any other provision of said Chapter...shall be guilty of a misdemeanor...and shall be fined not less than \$100 nor more than \$1000 or be imprisoned in the county jail not longer than one year or both. (See Code of Alabama 1975, nor more than \$1000 or be imprisoned in the county jail not longer than one year or both. (See Code of Alabama 1975.)

8. Refusal to Permit Inspections (Code of Alabama 1975)

- a. A person commits the crime of refusing to permit inspection of property that is owned, possessed or otherwise subject to his/her control if a public servant is legally authorized to inspect such property and an attempt is being made to exercise that authority and he/she:
 - (1) refuses to produce the property for a reasonable inspection; or
 - (2) refuses to permit a reasonable inspection.
- b. For the purposes of this section, “legally authorized inspection” includes any lawful search, sampling, testing or other examination of property, in connection with the regulation of the defendant’s business or occupation, that is authorized by law.
- c. Refusing to permit inspection is a Class C misdemeanor (fine of not more than \$500.00 or imprisonment in county jail for not more than three months).

K. Hearings and Appeals

1. Pre-revocation Hearings

- a. If the Department makes the decision to revoke or refuse to renew the license, six-month permit, or approval, a pre-revocation hearing shall be held in order to discuss the intended action and give the licensee, permit or approval holder an opportunity to show why the action should not be taken. Notice of the pre-revocation hearing and notice of action taken by the Department following the pre-revocation hearing shall be sent to the licensee/permit holder by certified mail unless waived. The pre-revocation hearing shall be held in accordance with the Administrative Code, Chapter 660-1-5, a copy of which may be obtained from the Department on request. The pre-revocation hearing does not alter the licensee, permit or approval holder's right to a fair hearing.
- b. If the Department finds that danger to the health, safety or welfare of the children requires emergency suspension of a license, six-month permit, or approval, the licensee, permit, or approval holder shall be notified in writing of the reason(s) for the decision. The Department may proceed without hearing or upon any abbreviated hearing it finds practicable to suspend the license, six-month permit, or approval. The suspension shall become effective immediately unless otherwise stated. In this event, the child care facility shall not operate during the pendency of any proceeding for a fair hearing or judicial review, except under court order. The suspension may remain in effect for a period of no longer than 120 days and shall not be renewable. The license, permit, or approval shall not be suspended for the same or a substantially similar emergency within one calendar year from its first suspension unless the emergency could not have been reasonably foreseen during the initial 120 day period that such emergency would continue or would likely reoccur during the next nine months. When such summary suspension is ordered, a formal suspension or revocation proceeding shall also be promptly instituted and acted upon.
- c. No pre-denial hearing is required to be held prior to the denial of an initial application for a license.

2. Request for a Fair Hearing

- a. An aggrieved person may request a fair hearing in the following situations:
 - (1) If an application for an initial license is denied;
 - (2) If an application for a renewal of a license is denied;
 - (3) If any application for an initial license or renewal of a license is not acted upon with reasonable promptness, which is defined as sixty (60) days from the date of the receipt by the Department of all information (including but not limited to: required forms received; investigations and inspections completed) needed to make a decision to grant or deny the license or permit;
or
 - (4) If a license, six-month permit, or approval is revoked.
- b. Notice of the opportunity to request a fair hearing shall be given by certified mail.

- c. When a pre-revocation hearing has been held, a request for a fair hearing shall be filed within fourteen (14) calendar days of the notice of the revocation. Any existing license or six-month permit shall remain in effect during the fourteen (14) day period allowed for request of a fair hearing. If a fair hearing is requested, the existing license, six-month permit, or approval shall remain in effect until and including thirty (30) days after the final decision on the request for a fair hearing.
- d. If the Department finds that danger to the health, safety or welfare of the children requires emergency suspension of a license or six-month permit, the licensee, permit or approval holder shall be notified in writing of the reasons for the decision. The existing license or six-month permit shall be suspended immediately or on the date specified in the notice of suspension.
- e. In all other situations where a pre-action hearing has not been held, a request for a fair hearing shall be filed within sixty (60) calendar days of the action (or inaction) with which the aggrieved person is dissatisfied.

3. Conduct of a Fair Hearing

- a. When a pre-revocation hearing has been held, the fair hearing will be conducted on the record. No additional evidence or testimony will be admitted unless it can be shown that it is material to the issues of the case and could not have been presented at the prior hearing with reasonable diligence or that the additional evidence was not allowed at the prior hearing due to unlawful procedures.
- b. When a pre-action hearing has not been held, the fair hearing is to be conducted in accordance with the hearing procedures found in the Administrative Code, Chapter 660-1-5, a copy of which may be obtained from the Department on request.
