

Dear Prospective Families:

As parents you know that nothing is more important than enrolling your child in a center that you can trust, keeping your child safe, engaged, and happy. Crescent Child Development Center, LLC (SC Provisional License # 25287) is committed to excellence and facilitating the growth and development of both staff and students. Our focus is to provide an accessible, high quality, and developmentally appropriate education experience that promotes social, emotional, physical, and cognitive development for children in a nurturing and inclusive environment. Our instruction will focus on language and communication development through participation in exploration, play and socialization opportunities, activities of daily living, and evidence-based curriculum activities.

Crescent Child Development Center, LLC is owned and operated by Tara Gregori and Tabatha Allen who have a proven and established working relationship over the last nine years. Tara has 25 years of experience as an early childhood and special needs educator, a speech-language pathologist and a Board-Certified Behavior Analyst and Tabatha Allen has 6 years of experience in finance and 12 years of experience in the field of Applied Behavior Analysis and is also a Board-Certified Behavior Analyst. Together, we are invested in creating a unique, high quality and inclusive child development center.

We are providers for the SC Voucher Program and Child Care Aware Program. We plan to be providers of the Child and Adult Care Food Program. We are able to provide enrollment packets in paper form or electronically, based on your needs. We will be using a web-based system, The Early Learning Venture System (ELV), to manage our enrollment, track paperwork, communicate with children's parents, and track attendance at drop off, during transitions and at pick up. If you are interested in care at our center, please contact us. We will invite you to get to know our team by setting up a time for a virtual or in person meeting.

We look forward to building a valuable relationship with you and your child!
