FLORAL HALL ~ 4-H ENTRIES

ENTO 687B

Insect Photography Collection, 1st year, Collections must contain 25-50 specimens in at least four different orders. Identification beyond order is not necessary. All photographs must have notation field.

- Images must be submitted on a USB memory device (i.e. thumb drive) with no other data except for the images and folders. The USB device must be identified externally with a tag and label, showing "4-Her's last name & Division Name & Class Number". (Other details must be added if the entry is selected for Kentucky State Fair Exhibit.) The single root folder will be labeled with the same information. Images will be contained inside this folder.
- Each image will be in .jpg format, 1920x1080 pixels. Vertical or horizontal black bars may be present to allow for cropped images.
- Each image will have a filename that matches the following: "lastname-county-#.jpg." where "#" indicates the number of the image inside the folder. (Ex: Doe-Russell-1.jpg.)
- Each image will include a 400x300 pixel (or larger if necessary) white notation box with important information about the photo. This notation field may be placed anywhere inside the image, including outside the black bars (if present). Fonts may vary based on the 4-Her's software, but we recommend Ariel, 18pt, black, non-bold, or larger. The notation field will include the following information, with one space between each line:

[4-Her's Name, County, Lot Number (Division), Class Number]

[Date of original photo/Location of original photo/ Location may be in the form of street/city/zip code address or GPS coordinates]

[Brand and type of camera or camera phone]

[settings including type of lens, relevant camera settings, and "flash" or "no flash"]

[Insect order – Common name]

- First year entomology photography exhibits are judged on the following categories: Orders, Species, Common Names, Labels, Quality of Photograph. Check with county 4-H Agent for point distribution on score sheet.
- Digital insect collections will be penalized if they:
 - a. Consist of images that were created by someone other than the 4-Her
 - b. Are not submitted and labeled according to guidelines
- No extra credit will be given for photographs submitted beyond the numbers listed in the current project books.

4-H Honey

Honey will show better in oval, flat sided to square clear glass jars. 4-Hers must use standard honey jars purchased from a bee supply vendor. Wide-mouth honey jars may be used. Note that jars must be glass, with the exception being the cut comb honey. Keeping your honey jar clean is very important! Make sure the lid and jar are clean with no sticky spots or smudges. Fill jars to the "fill line". The "fill line" is the continuous ring that circles the jar and not necessarily the threads that help hold the lid. Your honey should be clear (not cloudy), free of crystals, free of foam or bubbles, and free of any pieces or stuff floating inside. The color of your honey should be even and match across all jars you enter. We recommend wearing white gloves when handling your jars to help keep them clean and free of fingerprints.

NOTE: Two jars must be submitted for the following classes (692-696) Use rubber bands to keep together. Exhibitor may enter up to two classes (one extracted, one chunk). Note that jars must be glass, with the exception being the cut comb honey. The total weight of a one-pound jar includes the weight of the glass jar.

Display cases for capped honey may be made by 4-Her or bought from a store, but they must be bee-proof and have a removable top in order for the judge to check moisture. One frame per container.

ENTO 692 Use 2 Queenline or classic honey one pound jars of white extracted honey

ENTO 693 Use 2 Queenline or classic honey one pound jars of light amber extracted honey

ENTO 694 Use 2 Queenline or classic honey one pound jars of amber extracted honey

ENTO 695 Use 2 Queenline or classic honey one pound jars of dark amber extracted honey

ENTO 696 Use 2 Queenline or classic honey one pound jars of chunk honey, any color.

ENTO 697 Any frame of capped honey suitable for comb honey (Light)

ENTO 698 Any frame of capped honey suitable for comb honey (Amber)

ENTO 699 Any frame of capped honey suitable for extraction (Light)

ENTO 700 Any frame of capped honey suitable for extraction (Amber)

4-H Forestry

Exhibitors must have the correct number of specimens requested per class. Contact Extension office for publication with guidelines.

FORS 703 Leaf Collection

Collection of 10 leaves representing 10 forest trees native to Kentucky. Mounting instructions in the forestry book, "4-H Forestry Project Unit I - Introducing Yourself to Trees" (4DF-01PA or most recent version) Activity #1 are to be followed.

FORS 704 Leaf Print Collection

Collect and print 10 leaves representing 10 forest trees native to Kentucky. Instructions in the forestry book, "4-H Forestry Project Unit I - Introducing Yourself to Trees" (4DF-01PA or most recent version) Activity #2 are to be followed.

FLORAL HALL ~ 4-H ENTRIES

4-H Electric

Exhibits must be made based on the appropriate units in the 4-HCCS Electric Excitement project books. Projects entered using Snap Circuits® kits will be disqualified. Exhibitor is limited to one entry in the 4-H Electric division. All exhibits requiring bulbs must have the correct size. Use of molded-plug-ins is not prohibited but discouraged. Any electric project observed or judged to be unsafe or potentially harmful to the public or surrounds will be disqualified immediately and disabled for further use. Effective strain relief should be provided for all wire to terminal connections. Knots, clamps, connectors, or staples are acceptable when used appropriately.

ELEC 645 Battery-powered series and parallel circuits (Circuits must include both series and parallel, a simple switch and can be no more than 9 volts.) All exhibits must be DC powered.

ELEC 651 Display of wire sizes and types with description and example of usage (display must contain a minimum of 12 different examples)

ELEC 654 Table, desk, vanity, or floor lamp – original design. (Pop can lamp kits will be disqualified.)

4-H Wood Science

May enter only one exhibit per class. Wood science project must be made by the 4-H youth. Please use appropriate fasteners and sanding. (Publications for reference are available at Extension Office)

WOOD 674 Wood Science, Level 1 made from a kit Simple items which have pre-cut and pre-drilled parts and youth demonstrate knowledge of assembly, selection and use of fasteners (nails, screws, and/or glue), sanding techniques, and appropriate finishes. (Examples: small birdhouse, non-hopper bird feeder, etc.) Item must demonstrate skill with fasteners, sanding, and appropriate finish. (No puzzles.)

WOOD 675 Wood Science, Level 1 not from a kit Simple constructed wood item showing knowledge of hand tools, wood selection, cutting, drilling, use of fasteners (nails, screws and/or glue), sanding techniques, and appropriate finishes. (Examples: napkin holder, letter holder, simple picture frame, wire wiggly, towel holder, serving tray, jewelry box, small flag holder, 4-H book ends, airplane, hurricane lamp, trivet, pine wood cars, etc.) Item must demonstrate skill with fasteners, sanding, and appropriate finish.

WOOD 676 Wood Science, Level 2 from a kit More elaborate items which require proper cutting, drilling and youth demonstrate knowledge of selection and skill in use of fasteners (nails, screws, and/or glue), sanding techniques, and appropriate finishes. (Examples: pine wood car, large bird house, jewelry box, etc.) Item must demonstrate skill with fasteners, sanding, and appropriate finish. (No puzzles.)

WOOD 677 Wood Science, Level 2 not from a kit More elaborate items that demonstrate mastered skills with hand tools, basic knowledge of power tools, fastening options, appropriate surface preparations, and finish applications. (Examples: foot stool, puzzle, revolving tie rack, 4-H key holder, cutting board, book rack, serving dish, shelf, hopper-type birdfeeder, etc.)

WOOD 678 Wood Science, Level 3 not from a kit Items showing a more advanced knowledge of power tools, expertise in cutting, fitting, surface preparation, attention to fastening details, and finish application (Examples: multi-purpose box, corner shelf, book shelf or laminated wood projects, garden bench, planting box, nail and tool box, shop tool rack & shelf, etc.) Original designs are welcome. This exhibit is made up of two parts: 1) the item and 2) a folder containing photographic documentation of the steps taken in order to complete this exhibit. If the exhibit does not include both the item and a folder containing photographic documentation, then the exhibit will be disqualified.

4-H Entomology

ENTO 687A

First year project: up to four cardboard boxes approximately 9 inches x 12 inches, or up to two 18 inches x 24 inches wooden boxes, with minimum of 25 insects, maximum 50 insects, from at least four orders. Identification beyond order is not necessary. All specimens must have date and locality label.

- Folding cardboard insect-collection boxes available through University of Kentucky (Martin-Gatton College of Agriculture, Food, and Environment Department of Entomology) should be used. Homemade or purchased cardboard or wooden exhibit boxes may be used instead, but must have protective lids that can easily be opened and that don't damage the specimens inside. They must be approximately 9 inches by 12 inches* (cardboard) or 18 inches x 24 inches (wooden) and approximately 3 1/2 inches thick. All boxes must have foam bottoms (such as 8 millimeter or 3/8 inch thick EVA foam available at hobby shops). Wooden boxes should have Plexiglas or glass covers and boxes must be easily opened (for instance; if a screw is used to secure Plexiglas tops, use a thumbscrew fastener instead of a fastener that requires a tool). (*For cardboard boxes, any size with a footprint about the size of a standard sheet of printer paper or a little larger is acceptable.)
- Specimens are to be arranged so the box can be exhibited horizontally.
- 4-Hers may attach wires to the back of wooden boxes to help make them easier to display.
- The exhibit identification card should be placed on the front of the box (each box).
- Instructions for pinning and labeling are included in project literature available at the Extension Office.
- A display collection catalog must be in an envelope attached to the back of the display box. Envelopes should be attached to permit their being opened easily to remove catalogue from them without moving the exhibit.
- The inclusion of non-insect specimens (spiders, e.g.) is encouraged, but because this is primarily an insect collection, and because non-insects do not preserve well on insect pins, points will be deducted if there are more than one specimen from each non-insect class.
- Pinned entomology exhibits are judged on the following categories: Orders, Species, Common Names, Labels, Condition of Specimens, Overall Appearance, Life Cycle Representation, Catalog of Specimens.

FLORAL HALL ~ 4-H ENTRIES

ENTO 687B

Insect Photography Collection, 1st year, Collections must contain 25-50 specimens in at least four different orders. Identification beyond order is not necessary. All photographs must have notation field.

- Images must be submitted on a USB memory device (i.e. thumb drive) with no other data except for the images and folders. The USB device must be identified externally with a tag and label, showing "4-Her's last name & Division Name & Class Number". (Other details must be added if the entry is selected for Kentucky State Fair Exhibit.) The single root folder will be labeled with the same information. Images will be contained inside this folder.
- Each image will be in .jpg format, 1920x1080 pixels. Vertical or horizontal black bars may be present to allow for cropped images.
- Each image will have a filename that matches the following: "lastname-county-#.jpg." where "#" indicates the number of the image inside the folder. (Ex: Doe-Russell-1.jpg.)
- Each image will include a 400x300 pixel (or larger if necessary) white notation box with important information about the photo. This notation field may be placed anywhere inside the image, including outside the black bars (if present). Fonts may vary based on the 4-Her's software, but we recommend Ariel, 18pt, black, non-bold, or larger. The notation field will include the following information, with one space between each line:

[4-Her's Name, County, Lot Number (Division), Class Number]

[Date of original photo/Location of original photo/ Location may be in the form of street/city/zip code address or GPS coordinates]

[Brand and type of camera or camera phone]

[settings including type of lens, relevant camera settings, and "flash" or "no flash"]

[Insect order – Common name]

- First year entomology photography exhibits are judged on the following categories: Orders, Species, Common Names, Labels, Quality of Photograph. Check with county 4-H Agent for point distribution on score sheet.
- Digital insect collections will be penalized if they:
 - a. Consist of images that were created by someone other than the 4-Her
 - b. Are not submitted and labeled according to guidelines
- No extra credit will be given for photographs submitted beyond the numbers listed in the current project books.

4-H Honey

Honey will show better in oval, flat sided to square clear glass jars. 4-Hers must use standard honey jars purchased from a bee supply vendor. Wide-mouth honey jars may be used. Note that jars must be glass, with the exception being the cut comb honey. Keeping your honey jar clean is very important! Make sure the lid and jar are clean with no sticky spots or smudges. Fill jars to the "fill line". The "fill line" is the continuous ring that circles the jar and not necessarily the threads that help hold the lid. Your honey should be clear (not cloudy), free of crystals, free of foam or bubbles, and free of any pieces or stuff floating inside. The color of your honey should be even and match across all jars you enter. We recommend wearing white gloves when handling your jars to help keep them clean and free of fingerprints.

NOTE: Two jars must be submitted for the following classes (692-696) Use rubber bands to keep together. Exhibitor may enter up to two classes (one extracted, one chunk). Note that jars must be glass, with the exception being the cut comb honey. The total weight of a one-pound jar includes the weight of the glass jar.

Display cases for capped honey may be made by 4-Her or bought from a store, but they must be bee-proof and have a removable top in order for the judge to check moisture. One frame per container.

ENTO 692 Use 2 Queenline or classic honey one pound jars of white extracted honey

ENTO 693 Use 2 Queenline or classic honey one pound jars of light amber extracted honey

ENTO 694 Use 2 Queenline or classic honey one pound jars of amber extracted honey

ENTO 695 Use 2 Queenline or classic honey one pound jars of dark amber extracted honey

ENTO 696 Use 2 Queenline or classic honey one pound jars of chunk honey, any color.

ENTO 697 Any frame of capped honey suitable for comb honey (Light)

ENTO 698 Any frame of capped honey suitable for comb honey (Amber)

ENTO 699 Any frame of capped honey suitable for extraction (Light)

ENTO 700 Any frame of capped honey suitable for extraction (Amber)

4-H Forestry

Exhibitors must have the correct number of specimens requested per class. Contact Extension office for publication with guidelines.

FLORAL HALL ~ 4-H ENTRIES

4-H Geology

Rock, mineral, and fossil identification labels and labeling instructions can be found at the Kentucky Geological Survey (KGS) website (<http://www.uky.edu/KGS/education/4H.htm>).

Participants may use wooden, cardboard, or plastic display boxes. While we strongly encourage boxes to meet the specifications below to ensure they fit properly in State Fair display cases if selected to attend, we understand that exact dimensions may not always be possible due to availability or accessibility. Polished specimens may lose points at the state fair, such as mounted jewelry. If fabric is used, use a fabric glue to adhere entire piece of fabric to box. Suggested fabrics are felt or velveteen. Duplicate specimens are used to reach minimum number. However, varieties of the same rock or mineral are acceptable if the specimen is identified by a different name (such as quartz, smoky quartz, amethyst, agate, chert, flint or calcite, Iceland spar, aragonite, travertine). Also, it is acceptable if the duplicate specimen has an adjective in front of the specimen (such as calcite, red calcite, or limestone, fossiliferous limestone, oolitic limestone). If each entry in that class has duplicate named specimens, then each entry may qualify for class champion, but will not be eligible for grand champion. Rocks, minerals, and fossils should be firmly attached to the box. (Collections will be judged more favorably that have different types of specimens, rather than many different varieties of the same rock, mineral, or fossil; such as gray limestone, light gray limestone, dark gray limestone, or red calcite, blue calcite, green calcite).

Boxes that do not meet these specifications will still be permitted, but may not fit the display cases if selected to attend State Fair.

Preferred Dimensions:

- Vertical height: 14 to 17 inches
- Horizontal width: 16 to 24 inches
- Depth: No more than 4 inches

Additional Recommendations:

- Boxes should have a removable acrylic cover (e.g., Plexiglass) for judging access.
- Hinges and locks should be flush-mounted and placed on the sides or top to ensure the box sits level.

GEOL 715 1st year project – consists of 15 different specimens of rocks, minerals, and/or fossils.

4-H Arts

May enter only one item per class. All items must have been made since the last Russell Co. Fair. All items that are easily separated or destroyed may be placed in a clear plastic bag. Junior classes are for ages 9-13; senior classes include ages 14-18. See general rules for determination of 4-H age. All classes have publications for examples-contact Extension Office.

Painting and drawing exhibits should be framed and have an attached wire hanger (State Fair rules). No wire hooks taped to the back. All hangers must support the weight of the item. Pictures should be ready for hanging. Pictures should be mounted on firm mat board with attached hanger (i.e. binder clip). No foam core board or poster board allowed.

Senior exhibits need an artist statement unless otherwise noted, it must be typed that includes:

- Youth's name
- County
- Fair class
- Title of the Work
- Materials Used
- Explanation of where you got your inspiration or ideas to create this artwork
- What kind of message were you trying to communicate to the viewer (mood, feeling, emotion, etc.)
- How does this piece of art represent you as an artist?
- Heritage Arts ONLY: Tell history of piece including where and why it was first created.

All subject matter should be family friendly, or it will be disqualified.

Drawings and paintings must be mounted on mat board and framed. No glass frames are permitted for the state fair.

Some classes have specific size requirements; for all others, the maximum size is 30" x 30".

Small items that are easily separated or destroyed should be placed in small plastic bags.

4-H Quilting

All projects are to follow these guidelines/requirements:

1. Quilt must contain 3 layers: top (hand or machine stitched), batting, and backing.
2. If edge finish is not described in the class description, the following are accepted options:
 - Stitched and turned – backing is placed right sides together with top, stitched and turned. Opening is sewn closed. No binding needed.
 - Self-binding – Backing is brought to the front, folded, and stitched to the quilt.
 - Applied binding – separate binding applied with mitered corners.
 - Decorative stitched edging – optional for class #856, and #857
3. Quilting – minimum 4" apart, unless otherwise indicated in class description using the following methods:
 - Hand tacked
 - Hand quilt

- Use domestic sewing machine quilt
 - No long arm or hooped embroidery quilting accepted
4. Size is listed by class with measurements of perimeter (total outer edge measurement). Ex: 120"=30" square or 25"x35" rectangle -- or any combination of 120". Can be smaller or larger as noted in class information.
 5. Hanging sleeve or tabs are optional except in #846.

QUILT 845 Strip/String Quilt – use strips of varying widths to make 4 blocks, sewn together for the top. Stitched and turned or self-binding suggested. Perimeter not to exceed 132". Suitable for beginners.

QUILT 846 Wall Hanging – Begin with a square or rectangle piece of focus fabric or printed panel. Add at least 2 borders to the center block/panel. Add fabric loops for hanging. Finish with stitch and turn. Quilting can be stitch-in-the-ditch or echo quilting. Perimeter not to exceed 132". Suitable for beginner. Hanging sleeve or tabs are required.

QUILT 847 Four Patch Runner – Hand or machine piece 3 four patch blocks. Each four-patch must include at least two 6" square patchwork units made with square and/or rectangle pieces (ex. Four patch, rail fence). No triangle pieces. Finished quilt should measure 12"x36". Stitch and turn or self-binding suggested. Suitable for advanced beginner.

4-H Home Environment

May enter only one exhibit per class. All entries should have been made since the last Russell Co. Fair. All entries must have a functional use in the home. For guidance on completing these projects, contact Russell County Extension office.

UNIT 1 EXPLORING YOUR HOME

HE 887 Color collage -- A collage of color created by the 4-H member to depict colors liked by the member. On mat board or foam core board, arrange various colored papers, fabrics, wrapping paper, carpet samples, autumn leaves, or other materials of various colors in an artistic arrangement.

HE 888 Texture collage – A texture collage is a collection of textured items or rubbings of textured items artistically arranged and adhered to mat board or foam core board. To make a rubbing, place paper over the surface and rub the paper with a crayon, soft-lead pencil or charcoal pencil until the texture shows through; adhere the paper neatly to mat or foam core board.

HE 889 Apply a clear finish such as tung oil, penetrating seal or polyurethane which does not include stain to a small wood object such as a bowl, tray, board game or box. A transparent finish allows the wood grain to show through. Judging emphasis will be on how well the object is prepared for the finish and how well the finish has been applied, not the construction of the wood object. The wood object may be made by the member, made by someone else, purchased or found. Items that are stained or finished with paint do not fit in this class.

HE 890 Simple cloth item for the home. (Sewing machine may be used but is not required.) Examples include: decorative pillow, table cloth, laundry bag, place mats, footstool with a seat made of woven fabric, fabric applied to an item such as a box, plate, or lampshade. (Unacceptable items for this category include purses, tote bags, backpacks, duffle bags.)

HE 891 Waste basket -- trashcan decorated by 4-H member

HE 892 Crate Bookshelf – Begin with 2 unfinished wood crates, 2" wood toy wheels, and 4 wide wood pegs, paints. Paint the crate, wheels, and pegs with one color and allow to dry. Use painter's tape to create geometric designs on the inside and outside of the crate and decorate with paint. Glue wood pegs to corners of crate and allow to dry. Glue toy wheels to center of wide wood pegs and allow to dry. Glue crates together and allow to dry for 24 hours. Try to keep an even paint finish and no paint drips and no glue smudges.

HE 893 Bulletin board (Must be ready to hang with appropriate hardware attached.)

UNIT 2 LIVING WITH OTHERS

HE 894 Decorative item for the home and photo – Decorative item created by the 4-H member; include a photo showing how the item fits into the home's décor. (Such as latch hook rug, wreaths, etc.) This category does NOT include purses, tote bags, backpacks, duffle bags, or other personal use items.

HE 895 Simple wood item refinished by 4-H Youth. Should have straight lines with no elaborate carvings or turnings.

EX: refinish a footstool, children's furniture, small box, tray, picture frame, bookshelves, or plant stand. Documentation to include a "before" photo with explanation of how the item was refinished must be securely attached.

HE 896 Cloth item for the home created using a sewing machine – examples for this class include hemmed tablecloth or table runner, wall hanging, pillow case, fabric shower curtain, laundry bag, valance, or curtains. (Unacceptable items include purses, tote bags, backpacks, and duffle bags.)

HE 897 Design an invitation card and thank you letter/note for a sleepover, birthday party, or other occasion of your choice. Cards/letters may be created with computer software or handwritten. Invitation card must be the 4-H member's original artwork, computer-generated art, purchased or found decorative items. The message written in the invitation card is more important than the decorations. Card should be designed on cardstock paper. Write your name and county on the back of the invitation card and place the card in a plastic sheet protector. (Please use fictitious name and address and contact information on the invitation and thank you card.) The envelopes do not need to be included in this exhibit.

FLORAL HALL ~ 4-H ENTRIES

HE 899 Individual Table Setting This exhibit consists of two parts: (1) one individual place setting appropriate to a theme or event chosen by the 4-H member and (2) a color photo of the place setting showing how it should be arranged. Include a plate, beverage container(s), placemat, and napkin. Additional decorative items are optional. All items that make up the place setting are to fit on the surface of the placemat. Flatware (knife, fork, and spoon) must be included in the photograph showing how all of the items are arranged, but do NOT send flatware to the state fair. To ensure that all pieces get returned to the member, write the name and county of the exhibitor on tape and place it on every part of the table setting in a location hidden to the public when exhibited at the fair.

HE 901 Old or discarded item made useful in a new way as a home accessory. The exhibit must include the item AND documentation of a “before” photo, an explanation of how the item was made useful again in a new way, the materials used, and cost and time involved in the project. Examples: old silverware flattened and made into wind chimes, scrap wood pieces made into wall art, old lace doily attached to a pillow or framed, old toolbox cleaned up and made into a TV stand. 4-H

Companion Animal Project Poster

Educational posters MUST relate to dogs or rabbits only. Posters should encourage the participant’s imagination in developing a slogan/theme that promotes a breed or project or educates the viewer about a dog or rabbit project related activity. Examples of topics include but are not limited to: showing/grooming/caring for your animal, health, nutrition, breed characteristics, etc. Posters should be simple and focus on one message to tell the story of your poster theme. Copyrighted characters such as Snoopy, Charlie Brown, or other cartoon characters cannot be used. Resource information should be attached to the back of the poster (information may be in an envelope with youth name, county, and class). Reliable resource information should be used (please note that Wikipedia may not be a reliable source). The poster will lose points if resource information is not included on the back. May use a variety of media, however no 3-dimensional posters. (Media cannot protrude more than ½” inch from the front of the board) no text cut directly from a magazine will be allowed (such as a cut-out of a magazine article used for the poster). Posters must be no smaller than 20 inches x 30 inches and no larger than 24 inches x 30 inches. Posters must be made using one of the following: matt board or foam core board. Please leave a blank space in the lower right corner of the poster (approx.. 3 x 5 inches). Posters will be judged on how well they present information and on their general appearance.
