Judging Criteria and Percentages of Score

(keep this page for your reference)

Personal interview

40%

Each contestant will be interviewed by our panel of judges prior to the public contest. Questions may range from your personal history, occupation, life experience and social affiliations, to personal and political opinions about current events topics, just to name a few.

Formal Leather Image

15%

Each contestant will be judged on their overall appearance in full leather on stage. Judges will be looking for how well your gear fits you, your attitude and your overall appeal in leather.

Cruise Leather Image

10%

In this category, the judges want to see how you dress in leather when it's cruise time at your local bar. Their focus will be on how you express your sexual interests through your gear.

Public Speech

15%

The judges want to know what's on your mind and will judge your ability to articulate your thoughts to the audience.

Public Q&A

10%

The dreaded question of every contest! Judges will be looking to see how you composed you are when on the spot. Questions may be serious, comical or both.

Jock Strap

10%

Always the crowd pleaser, show us some skin. Judges will be looking for more than just your physique -- of equal importance is how you carry yourself on stage, and how you maintain your poise while exposing what you've got.
