Fantastic property, lovely location

This was our 4th visit. The barn is spotlessly clean and very cosy. Well appointed kitchen, with plenty of equipment to cater for this number of people. We had fantastic weather, so spent time sitting outside, and walking the paths around the area, but if you are unlucky with the weather, there's plenty of space for everyone inside, and loads of books and games.

The communication with the owners has been fantastic, and they have been very understanding with regards to changing the booking due to covid restrictions and concerns.
