Acknowledgement of Access

I (print resident name) _____, have requested access to freely transverse the portion of South Shore Drive that serves as a dam and a spillway ("Spillway"), owned by Silver Lake, Inc. I understand access to the Spillway is via access card, which activates the arms of mechanical gates, on property owned by Silver Lake, Inc. and Ski Island Lake Club, Inc., allowing vehicle travel across the Spillway. I further understand that I must purchase the requested access card.

I acknowledge that traversing the Spillway in any manner is a dangerous and risky activity due to external weather conditions beyond the control of Silver Lake, Inc. or Ski Island. I further acknowledge that rainwater, moving water, flooding water, snow, and/or ice on the Spillway increases the danger of traversing the Spillway.

I understand that the dangers associated with traversing the Spillway are real and that injuries can and have occurred, including death, while attempting to traverse the Spillway.

Therefore, it is with this knowledge that I freely assume all risk and consent to be solely responsible for any and all damages or injuries, including death, which may occur to myself while traversing or attempting to traverse the Spillway.

I hereby freely and voluntarily RELEASE, WAIVE, DISCHARGE AND COVENANT NOT TO SUE Silver Lake, Inc. or Ski Island Lake Club, Inc. to the fullest extent of the law allowable in Oklahoma, for any injuries or death which may occur to myself, any person(s) traveling with me, or any guests that could occur from use of the Spillway. My signature below indicates that I have read, fully understood and freely consented to this agreement.
