# DIY BIRD FEEDER

Build your own earth friendly bird feeder! Follow the simple steps below to start attract more birds to your garden area.

## **Materials:**

**Cardboard Tube (toilet paper or paper towel)**

**Sunflower Butter**

**Bird Seed**

## **Steps:**

- 1. Take your tube and spread sunflowerbutter on the entire outside.**
- 2. Roll or sprinkle bird seed on the sticky outer layer.**
- 3. Take the completed feeder and place on a tree branch outside. Make sure you put it where you can see it!**
