

Red Rock Estates Homeowners' Board Meeting

5/28/2025

President Horton's house.

Present is:

Barbara Horton

Chad Randles

Bob Mandel

Bob Weyrich

Kevin Buntrock

Barbara distributed the board packets including a brief agenda

Considerable discussion with Sonny about solar panels on houses being approved by the HOA and architectural committee.

- Most all panels are now black
- Possible increase in size in the future.
- Most are now flush with the roof and are non-tiltable.

We discussed about how a complicated set of rules would probably cause problems. Any change to the covenants would have to be approved by a significant number of homeowners. Kevin will seek lawyers advice.

Family Fun Day is now scheduled for July 20th. Barbara asked for volunteers and people to bring bean bag boards. Bob and Chad agreed and mentioned that they believed that they would be there. Kevin said he would be there as well.

Next Annual Board meeting dates were discussed. Possible for the 16,17, or 18th of September

No action was taken on any issue.

Meeting adjourned
