ELEVATE YOUR BUILDING PROJECTS WITH EXPERT **BUILDING ENVELOPE CONSULTING**

Introducing Proscenium Forensics

At Proscenium Forensics, we specialize in building envelope consulting, ensuring your projects meet the highest standards of efficiency, durability, and aesthetics. With a Professional Engineer (PE) on our team and a Fenestration Master Professional Certification, we bring over 17 years of industry experience to every project we handle.

OUR MISSION

Our mission is to provide comprehensive building envelope solutions that enhance the performance, energy efficiency, and life cycle of your buildings. We aim to safeguard your investments while contributing to a sustainable future.

SERVICES OFFERED

1. Building Envelope Design & Analysis

- Detailed analysis of building materials and systems
- Design recommendations for optimal energy performance
- Integration of aesthetic and functional elements

2. Fenestration Consulting

- Expertise in window, door, and curtain wall systems
- Assessment of thermal performance and water management
- Compliance with local and international building codes

3. Field Testing & Inspection

- Comprehensive water penetration diagnostic testing
- On-site quality control assessments

4. Thermal Imaging and Energy Audits

- Thermal imaging surveys to identify energy loss
- Recommendations for enhancing building envelope efficiency
- Detailed reporting to guide energy retrofits

5. Code Compliance & Risk Management

- Guidance on building regulations and codes
- Risk analysis to mitigate potential issues
- Professional certifications for peace of mind

WHY CHOOSE US?

- **Experienced Professionals:** With over 17 years in the field, our certified experts leverage extensive knowledge to address your specific needs.

- **Tailored Solutions:** We understand that every project is unique, and we customize our services to meet your goals and budget.

- **Commitment to Quality:** Our rigorous testing and analysis methods ensure the highest quality results for your building envelope systems.

- **Sustainability Focus:** We are dedicated to building practices that promote energy efficiency and environmental sustainability.

LET'S BUILD A BETTER FUTURE TOGETHER

- We invite you to explore how Proscenium Forensics can add value to your building projects through our specialized consulting services. Whether you are embarking on a new construction project or looking to optimize existing structures, we are here to help.
