"I can't thank Runningburn enough for an absolutely perfect wedding day. Their attention to detail is impeccable, they are incredibly helpful and will do absolutely anything for you."

The day was just amazing from start to finish

"We were recently married at Runningburn and the day was just amazing from start to finish. The team are so lovely and nothing is too much trouble, they really know how to take the stress out of organising a wedding!"

Our special day was out of this world!

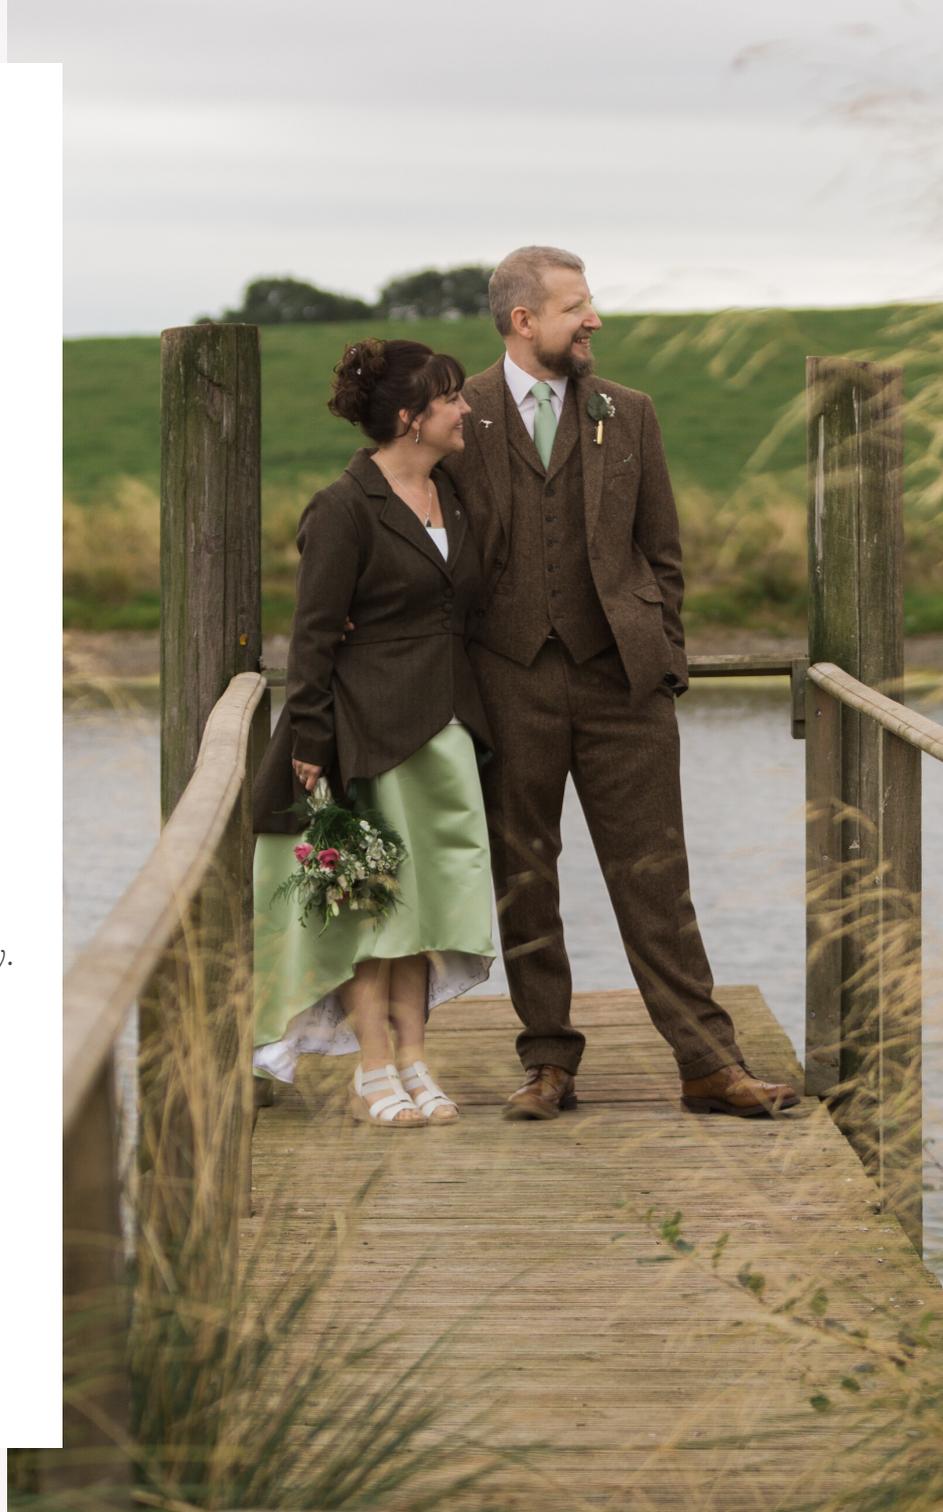

"Runningburn was my first and only choice for our wedding last year. The location is just simply amazing. Yvonne & Jim were just first class. Their service, organisation and knowledge filled us with confidence from the start.."

The setting is stunning

"We're so pleased we chose Runningburn as our wedding venue! The setting is stunning - beautiful views which we were lucky to have as the backdrop for our outdoor ceremony. Being able to slip away in the 4x4 for a wee while with the photographer for some special photos was wonderful."

A close-up photograph of a man playing bagpipes. He is wearing a green tweed jacket over a white shirt and a light-colored tie. The bagpipes have black and yellow pipes with decorative silver-colored metal bands. The background is slightly blurred, showing what appears to be an outdoor setting with a building and some festive decorations.
