

SD DRONE TOURS.COM

3D Virtual Tours & Indoor / Outdoor Drone Videos

Immersive Drone Videos and 3D Virtual Tours of your venue spaces using our unique indoor drones with AI narration.

Now your sales team can generate revenue faster for meeting and event planners who are not local to San Diego.

Our AI technology now gives you the powerful tools needed so event & meeting planners can easily visualize your venue space from the comfort of their home or remote office.

Our unique indoor drone videos & 3D virtual tours use AI voice narration available in several languages providing event & meeting planners with all the information they need turning the old school process of emailing stagnant pictures a thing of the past.

With these two services, planners from around the world can now truly get a feel of the venue space.
