Grants available

Grants For International Travel

Available to members representing Girlguiding at national, region or county level at an international event; for example, following an INTOPS selection for an international or GOLD trip.

- 20% of the cost up to a maximum of £300.

Whilst there is no restriction on the number of times members meeting these criteria may apply, the finance committee will consider second and subsequent applications based on merit.

Where the finance committee considers the number of adults to be disproportionate to the number of girls participating, grant requests will only be considered for those adults who are active members of the leadership team for the event. Grant requests will not generally be considered for adults travelling without girls.

For clarity, applications from members attending a unit, district or division holiday abroad will not be approved. Support for such trips is available under the terms of the camp and holiday grant and/or Karolyn Culverwell or Pat Minchinton legacies.

Applications for an international grant need to be made by an individual member as soon as possible following confirmation of selection. It is expected that the recipient of any grant will act as an ambassador to promote international travel with Girlguiding and provide a brief report about the trip. This can be in any format, for example: a video blog, an article for the county newsletter, social media posts, a presentation, a letter etc.

Where South West region or Hampshire West has responsibility for organising the international event, an individual member will be notified of the amount of the grant, with payment being made to the relevant organising body.

If a member is unable to attend an international event the grant must be returned to Girlguiding Hampshire West.
