## COLOR ZONE

### Amarr Color Zone

Over 800 Sherwin-Williams SnapDry™ paint colors – approved list is at [amarr.com/amarr\\_color\\_zone](http://amarr.com/amarr_color_zone). Check your local Sherwin-Williams store for paint chips.

See page 27 for more information

Actual colors may vary from samples shown. See specifications chart on page 29 of color availability by model. Amarr doors are pre-painted; homeowners can use exterior latex paint for custom colors. Visit [amarr.com](http://amarr.com) for painting instructions. Non-factory painting of garage door voids the paint finish warranty. Price upcharge applies to all colors except True White.

Northwoods in Cedar with SlimLine windows

**NEW** AMARR NORTHWOODS

The printed horizontal plank design on a ribbed section creates depth, texture and subtle dimension.

A perfect complement to modern, mid-century modern, and traditional architectural styles.

The multi-hued, digitally printed woodgrain pattern gives a more genuine wood appearance. Available with either traditional or mosaic window placement.

Northwoods in Aspen Gray with Long Panel Clear windows

**Designs**

The Amarr Northwoods collection is a traditional door offered in Ribbed panel design in two digitally printed plank color options.

See page 29 for complete specifications.

CEDAR (CEP)

ASPEN GRAY (AGP)

CLASSICA® FLUSH

Sleek and sophisticated. Amarr Classica Flush garage doors complement any modern architectural style home.

The flush design is ideal for homeowners who want a contemporary look with the taller panels of a 3-section door. Polyurethane insulation is energy efficient and helps moderate garage temperatures year round.

**Designs**  
Unique three-section tall door with large windows allow maximum natural lighting.  
See page 29 for complete specifications.

**CL3000**  
Triple-Layer:  
Steel + Insulation + Steel

**Decorative Windows**  
Choose single-pane or insulated tempered glass options to best suit your needs.

Northampton design with Madeira windows in Walnut with Canterbury handles and hinges

CLASSICA®

Looks can be deceiving. From a distance, you see wood. Up close, it's sturdy, durable, low-maintenance steel.

The Amarr Classica collection of carriage house doors. Precision-shaped doors in fresh, clean, classic carriage house styles that go up and down like traditional garage doors. Three-section tall designs, instead of four, help deliver a more authentic carriage house look. Deception never looked so good.

Santiago design with Madeira windows in True White/Gray with Blue Ridge handles and hinges

**Designs**  
Unique three-section tall carriage house style doors available in seven stamped-steel panel designs.  
See page 29 for complete specifications.

COLOR ZONE & MOSAIC WINDOW OPTIONS

COLOR ZONE

**Embrace your inner designer.** Amarr's Color Zone is a factory-applied option available on most steel garage doors. This color option that allows homeowners to color match the exterior features of their homes from shutters and trim to their front door. For the commercial market, Amarr Color Zone creates a unique lasting first impression on our wide selection of industrial doors.

- Available on all\* Amarr residential or commercial steel overhead doors up to 20' wide.
- In a multi-step process, your chosen color is applied as a top coat to Amarr pre-painted, galvanized steel sections giving your door one more layer of protection from the elements.
- Sherwin-Williams® SnapDry™ paint is resistant to dirt, fingerprints, and UV weathering.
- Choose from more than 800 approved Sherwin-Williams SnapDry paint colors. Approved list is at [amarr.com/amarr\\_color\\_zone](http://amarr.com/amarr_color_zone).
- Your local Sherwin-Williams store can provide you with paint chips of selected colors to help you decide.

\* Not available on Amarr Carriage Court

MOSAIC WINDOW OPTIONS

**Release your creativity with Mosaic Window options.** Give your contemporary, mid-century modern or transitional home a fresh look that is uniquely you. Create a unique look by choosing how many windows you want and where to place them! Just like your home, your garage door should reflect your personal style. Three easy decisions give you the garage door of your dreams.

- Choose your door – available with traditional collections; Heritage®, Lincoln, Northwoods, and Olympus.
- Choose your design – available with all panel designs; Short, Long, Flush\* and Ribbed† panels.
- Create your design with short or long panel windows in clear, frost, obscure or dark tint glass.

Flush Panel design in Wicker Tan with Obscure glass

\*Available in Heritage HR3000, Lincoln L11000/L12000/L13138/L13000 and Olympus OL3200 only.  
†Available in Lincoln L13138 and Northwoods NW3138 only.

# AMARR CONSTRUCTION

Amarr steel garage doors are built with low-maintenance, heavy-duty steel. Choose from single, double, triple or four-layer construction for your desired level of energy efficiency and noise control. Experience the strength, security, and peace of mind you get with steel.

## SINGLE-LAYER: Steel

Amarr Classica, Heritage, Hillcrest, & Lincoln

- Heavy-duty exterior steel
- Durable, reliable, low maintenance

## DOUBLE-LAYER: Steel + Insulation

Amarr Classica, Heritage, Hillcrest, & Lincoln

- Heavy-duty exterior steel
- Durable, reliable, low maintenance
- Environmentally safe polystyrene thermal insulation with vinyl backing
- Energy efficient
- Quiet operation

## TRIPLE-LAYER: Steel + Insulation + Steel

Amarr Classica, Designer's Choice, Heritage, Hillcrest, Lincoln, & Olympus

- Heavy-duty exterior and interior steel
- Durable, reliable, low maintenance
- Environmentally safe polystyrene or polyurethane thermal insulation
- Superior energy efficiency
- Extra quiet operation

\* True White Bead Board only.  
\*\* All panels and colors except True White Bead Board.  
† Short Panel True White and Flush Panel True White and Black only.

## FOUR-LAYER: Overlay + Steel + Insulation + Steel

Amarr Carriage Court

- Heavy-duty exterior and interior steel
- Durable, reliable, low maintenance
- Environmentally safe polystyrene thermal insulation
- Energy efficient
- Extra quiet operation

Amarr Classica Tuscan design with Rhine windows in True White

## VERIFIED THERMAL PERFORMANCE

Amarr participates in the DASMA Thermal Performance Verification Program. The program verifies the thermal performance of a complete sectional door assembly.

### What is U-factor?

U-factor is a measurement of heat transfer or flow through a material, in our case, a sectional door. **A lower U-factor rating indicates less heat transfer and better thermal performance.**

### Why U-factor?

The U-factor values are determined by the testing of a complete door assembly, including insulation, thermal breaks, and window variables and are more accurate than calculated ratings for only a portion of an insulated section.

This symbol indicates verified U-factor rating in accordance with the DASMA Thermal Performance Verification Program. For the best thermal performance, select a door with a low U-factor (less heat transfer) or high R-value (more heat resistance) rating.
