DESTINY HOMES – WHY RENT?

Destiny Homes is an affordable program designed to foster economic empowerment utilizing steel container housing. With the vacant lots all throughout the inner cities, home ownership is a main focus. Furthermore, the program combats unemployment by providing jobs acquisition, skills training, entrepreneur programs and First Responder Services. Properties can be gain traditionally or creatively through the process of “Sweat Equity” and possibly owner finance. Every development will also have buildings allotted for small business and youth empowerment centers.

As an answer to homelessness, displacement, and unemployment within Urban Sectors, this program uses creativity to produce modular homes for individuals and family utilizing the “Tiny Homes” Model. Local Residents will have the opportunity of rebuilding their communities and contributing to stabilization of their neighbors.
