Breathing Life back into Better Care

A MESSAGE TO OUR *Respiratory Community*

As we move into May, we want to take a moment to recognize the continued dedication, resilience, and compassion you bring to your patients and teams every day. From critical care to home health, your work makes a difference- and it does not go unnoticed.

Also, we want to thank everyone who attended this year's MSRC State Conference at Lake of the Ozarks. We had a great turnout of therapists, vendors and students.
