## IN ORDER, TO LIVE BETTER

## WELCOME

“We understand storage has the power to transform homes.”

Everyone at Hammonds believes wholeheartedly that a well ordered bedroom is the only way to wake up. This genuinely has a positive effect on your wellbeing and the way you face the day ahead. My family, the Hammonds, have been making custom designed fitted furniture for nearly a century, so we know how to use space intelligently and how storage has the power to transform homes. Whether it be a well-

designed wardrobe, a simply crafted cupboard or a cabinet that organises clothes and your precious possessions. Bringing order and calm to everyday lives, making rooms feel bigger, more positive. I'm also passionate that any furniture bearing my name, built into your bedroom has to be beautiful, has to fit perfectly and has to be built from sustainable materials and quality components. You have my word on it.

**RICHARD HAMMONDS**  
CEO

SECTION 1:

# In order, to live better.

**Start every day free of clutter  
and free of stress!**

There's no place in a Hammonds bedroom  
for mess and clutter. We're big believers in  
'tidy house, means a tidy mind'.

IN ORDER, TO LIVE BETTER

# At home with Hammonds

“I wanted my own little piece of heaven. A stylish, minimal bedroom, a place I could escape to.”

*Continues over...*

SECTION 1:

“I was so impressed with everything Hammonds offered from the beginning to the end”

**AMY NEVILLE**  
Model & Blogger

# Conquer the clutter..

Amy Neville was overwhelmed with her masses of clothes, shoes and bags; but she wanted her new London home to look simple, stylish and organised. Working with her Hammonds'

designer she chose the Willesley range to create her dream dressing room. Her stylish clothes are now stored in a gorgeous fitted wardrobe. And her shoes are a design feature.

"Cupboards packed with unused gadgets. Boxes full of obsolete chargers. Sound familiar?"

AMY NEVILLE  
Model & Blogger

# with style

Amy now has the stylish, spacious dressing room that she always worked for 'and always dreamed of'.

## EVERYTHING MATCHES

The Willesley range gives bedside cabinets a particularly simple and subtle look.

## CLEVER STORAGE

Amy was blown away at how much her corner wardrobe could store.

## TAILORED FOR AMY

Open shelves one side, fitted wardrobes the other. Just like Amy asked for.

## LIVE BETTER

## Bring the outside, inside

Houseplants make beautiful décor; they also circulate oxygen around the room, making it fresh and airy.

IN ORDER, TO LIVE BETTER

# A simple, stress free service

## THE HAMMONDS WAY

We have designers, carpenters and craftsmen who bring their talents, over 90 years of experience, and no hassle, to create your tailored bedroom. It's all about the bedroom you want; that suits your taste, and your budget.

“When Hammonds leave, every scrap of cardboard, shred of plastic and wood offcut will disappear too”

JAMES SMITH  
Nottingham

## SECTION 1:

How Hammonds do things differently...

### DESIGNED & MADE IN THE UK

We are a family-run British company so your bedroom will be created, crafted and assembled in Leicestershire by our master craftsmen, who take pride in creating our quality fitted furniture. Only Hammonds people create a Hammonds bedroom.

### SHOWROOMS THAT INSPIRE

Be inspired by our warm and welcoming showrooms, that give you the space to compare all of our products, colours and combinations.

### SEE YOUR DREAM ...ON SCREEN!

A trained designer will; visit you, discover what you want, look at your space, storage needs and budget - share some designs, and then... create a tantalising 3D view of your bedroom-to-be.

### MANAGE YOUR ACCOUNT & PAY ONLINE

You can use your personal account to manage everything involved with your new purchase, including the payment. Everything Hammonds, all in one convenient place.

### DOING OUR BIT

From every piece of furniture our factories make to every room we fit, we're conscious of our impact on the environment. Every day we're making steps to ensure we care for and give back to our planet.

### SLEEP EASY 10 YEAR GUARANTEE

In all honesty, we don't believe you'll ever need this, but your new bedroom comes with a Hammonds Guarantee that will cover the materials for ten years.

IN ORDER, TO LIVE BETTER

# Big or small, tiny or tall

**HAMMONDS EMBRACES  
YOUR ODD SHAPES  
AND TIGHT SPACES**

Fit more into your unique home...

## **SLOPING CEILINGS**

From angled ceilings to awkward loft spaces, our designers and fitters have seen them all; a sloping ceiling can add character to a room. Clever shelving and internal drawers can enhance your awkward storage.

## **NARROW SPACES**

With sliding wardrobes, even narrow and dead space can become a home for your shoe boxes and winter bedding. Check out the full range in our new Sliding Wardrobes brochure.

## IN ORDER, TO LIVE BETTER

### Awkward spaces no more

#### **UNDER STAIRS**

Tricky angles and empty nooks aren't a problem. With the right mix of pull-out rails, shelving and slide shoe trays we can achieve huge amounts of storage; even here. Add in bi-fold doors for even better access to all your bits and bobs.

#### **HIGH CEILINGS**

We won't let high ceilings go to waste. Our wardrobes can stretch by adding a set of top boxes giving you room to store even more items.

## SECTION 1:

### Unlock space you never knew you had

#### **ALCOVES**

A free-standing wardrobe is the last thing you need here. Our team will craft a fitted wardrobe specially designed for your bedroom to make the most of every inch of available space.

#### **AWKWARD SPACES**

We like a challenge. So bring on your weird and wonderfully angled walls, your odd-looking recesses and cubbyholes, we'll not only put them to good use, we'll make them look good too.

**A COVETABLE ADDITION TO ANY HOME...**

Walk in wardrobes or fitted dressing rooms are an enviable addition to any home. Whether you're transforming one corner of your bedroom or converting that spare box room barely big enough to fit a single bed, having your own personal walk in wardrobe offers a little bit of luxury.

## CARBON OFFSET

From 2020, every edition of Moments magazine, every brochure and every brochure envelope is now carbon offset. This conscious move saves an estimated 55 tonnes of carbon per year!\* Even better, the brochures are free from single use plastic, and 100% recyclable, you can rest peacefully knowing we're doing our bit to look after the planet. This conscious move saves an estimated 55 tonnes of carbon per year, which equates to more than the average annual carbon footprint of 4 people in the UK!

\*Total figure is based on total paper used in the printing process, per year.

## SECTION 1:

“In everything we do, we make sure we have as little impact on the planet as possible”

RICHARD HAMMONDS  
CEO

### WE HAVE PLANTED OVER 100,000 TREES IN 10 YEARS

Whilst sourcing all of our materials from sustainable forests, we've also consciously given back to the planet, planting trees to replace the ones we used! We've planted over 100,000 trees in just 10 years donating over £1 million to the Woodland Trust.

### REDUCING OUR WASTE

We aim to create as little waste as possible, so we use the majority of our wood offcuts to heat our factories.

### ALL PACKAGING IS RECYCLED RESPONSIBLY. BY US, NOT YOU!

With every installation our fitters will take away every scrap of packaging to our regional warehouses, our drivers will then collect this to be recycled responsibly, whether that's in our factories or at dedicated recycling plants. Leaving your home and the environment as tidy as we can!

## SUSTAINABILITY

From every piece of furniture our factories make, to every room we fit, we're conscious of our impact on the environment. Every day we're making steps to ensure we care for and give back to our planet.

# We make things better

**QUALITY. ONE WORD THAT SUMS UP 'THE HAMMONDS WAY'.**

Your bedroom will be made from raw materials in our purpose-built factories by trained craftsmen... but its worth pointing out that the 'Hammonds' family name, comes from a long line of carpenters.

No wonder our eye for detail, and the feeling that even the tiniest component deserves due consideration, has spread throughout the company. 'The Hammonds Way'.

LIVE BETTER

### Say no to technology

Separate technology from your bedroom, you'll rest better and feel refreshed and invigorated after a good night's sleep.

## Six reasons Hammonds is better

### SOFT-CLOSE AS STANDARD

We're not the only ones that offer 'soft-close' drawers, but our rivals only offer this on their exterior drawers. Hammonds offers 'soft-close' on both exterior and interior drawers.\*

### THE SMOOTHEST GLOSS

Have you ever looked at a gloss door and seen what we call 'orange peel'; it's a slight rippled effect you get on lower quality gloss doors. How do we avoid it? Simple, we've explored different processes to ensure we get the perfect, crisp finish.

### STRONGER DRAWERS

A drawer should be robust; we build ours with four strong sides, then fit our handles to an additional panel. Other companies stick their handles directly to the frame, slapdash.

### QUALITY MATERIALS

The thicker the material used, the better. So we only select the best quality MDF or MFC, making the overall build stronger and more durable. Our work looks and feels more substantial.

### MATCH CORNICE & PLINTH

We design a range not just a door – a great deal of thought and consideration goes into designing a range. Everything is specifically tailored to complement that range including different styles of cornice and plinth to finish the range off perfectly. No short cuts!

### BUILT TO LAST

Every component is examined, studied, tested and improved. All our wardrobe doors are fitted with four hinges for extra support.

TAILORED FOR YOU

We have a beautiful palette of versatile colours available with our painted collection.

# Perfectly painted

**There's something unique and special about the look and feel of a painted bedroom – it can completely transform a space into your dream bedroom.**

We're truly passionate about helping you create a bedroom that's perfect for you, so we've spent a lot of time carefully selecting a palette that is beautiful, versatile and current.

Our curated colours are expertly sprayed over a delicate wood texture to create a wonderfully soft effect, whilst ensuring a hard-wearing finish.

Choose either a naturally inspired grain texture or a smooth finish in a beautifully muted palette of seventeen shades, offering the perfect choice for any style home.

## OUR SERVICE

# FREE home design service

### WHAT TO EXPECT...

When we say that a well ordered home can improve the way you live - we mean it. Our carpenters and craftsmen will bring all their expertise, plus over 90 years of talent and knowledge, to create your perfect bedroom.

For us, every design is special, so no two Hammonds' designed bedrooms are the same. Well, you're unique, so shouldn't your bedroom be too?

### See your dream home (on screen)

Our CAD system lets you create a 3D real-life view of your bedroom. So, go on, experiment, try stuff. Why not?

### WE VISIT YOU

To begin with, we'll visit you. Our designer will want to know the look you're after. Plus you'll see some samples; doors and finishes, hinges and handles. And finally, we'll find storage space you didn't know you had. Plus you'll see more samples; door styles, finishes, fabrics and handle options.

### THE FREE, FUN TECHY BIT

Next, using our CAD (computer-aided design) home design system we'll create a 3D computer graphic view of your bedroom. It will take shape in front of you, letting you experiment with colours, finishes... everything.

### A FREE QUOTATION

Once we know the look you like, our designer will take you through your options, and bit by bit, based on what you want and your budget, we'll come up with a sensible quotation.

DAVID JONES

**...ONCE YOU'VE DECIDED TO BUY**

Your survey appointment is really important, it's your chance to check everything over again, whilst we check all the measurements – the devils in the detail and we like to measure twice and fit once! Once your survey has been completed, we will update your order if necessary, and start the preparations ready for the arrival of your beautiful new Hammonds bedroom.
