

THE well ordered HOME

HAMMONDS
In order, to live better.

THE well ordered HOME

Welcome to the world of
Hammonds Fitted Furniture.

A world where order and wellbeing are at
the heart of everything we make and do.
Where every home is warm and
welcoming and everything has
its perfect place.

CONTENTS:

**SECTION 1:
IN ORDER, TO LIVE BETTER**
We wholeheartedly believe that a well ordered home is key to living life better.

**SECTION 2:
SHOP BY ROOM**
Make the most of every inch of your home. From living rooms and home offices, to open spaces and awkward alcoves, we'll bring order to every room.

**SECTION 3:
TAILORED FOR YOU**
We will create a space that fits perfectly into your home and lifestyle.

**SECTION 4:
OUR SERVICE**
We will work with you from your initial thoughts, through to installation to bring your fitted space to life.

IN ORDER, TO LIVE BETTER

WELCOME

“We understand storage has the power to transform homes.”

Everyone at Hammonds believes wholeheartedly that a well ordered home is key to relaxed living. This genuinely has a positive effect on your wellbeing and the way you face the day ahead. My family, the Hammonds, have been making custom designed fitted furniture for nearly a century, so we know how to use space intelligently and how storage has the power to transform homes. Whether it be a well-designed bookshelf,

a simply crafted cupboard or a cabinet that organises important files and your precious possessions. Bringing order and calm to everyday lives, making rooms feel bigger, more positive. I’m also passionate that any furniture bearing my name, built into your home has to be beautiful, has to fit perfectly and has to be built from sustainable materials and quality components. You have my word on it.

Richard Hammonds

RICHARD HAMMONDS
CEO

SECTION 1:

In order, to live better.

**Live every day free of clutter
and free of stress!**

There's no place in a Hammonds home
for mess and clutter. We're big believers
in 'tidy house, means a tidy mind'.

IN ORDER, TO LIVE BETTER

Small wins

A sneak peek at a
gorgeous Boot Room...

Making use of a space that was completely redundant with something practical is one of those small wins when transforming a home.

One of our customers has done just that with the help of a Hammonds designer to create a fashionable boot room, instantly decluttering their hallway and making a real statement. They wanted a classic yet stylish British look, and chose our new Langton range in white, to create a bespoke storage

area inside the entrance of their beautiful country home. Everything like coats, shoes, umbrellas and outdoor essentials all have a place. Together with one of our designers we created a personalised space with a double wardrobe each end, a high sitting shelf with coat pegs and a bench with four individual, underneath storage areas, two with fitted doors. The look was finished with a bespoke upholstered grey seating pad. Our

customer comments: "This bright, light and practical space has been used so much since it's installation. I'm so happy to now have a place to store our muddy boots and warm coats so they don't clutter the entrance hall". This area of the hallway was previously a complete waste of space, so making a feature of this space is the best thing we did. We are over the moon with the result, more places for baskets is always a win for me!"

A simple, stress free service

THE HAMMONDS WAY

We have designers, carpenters and craftsmen who bring their talents, over 90 years of experience, and no hassle, to create your tailored fitted home. It's all about the space you want; that suits your taste, and your budget.

“When Hammonds leave, every scrap of cardboard, shred of plastic and wood offcut will disappear too”

JAMES SMITH
Nottingham

SECTION 1:

How Hammonds do things differently...

DESIGNED & MADE IN THE UK

We are a family-run British company so your fitted space will be created, crafted and assembled in Leicestershire by our master craftsmen, who take pride in creating our quality fitted furniture. Only Hammonds people create a Hammonds home.

SHOWROOMS THAT INSPIRE

Be inspired by our warm and welcoming showrooms, that give you the space to compare all of our products, colours and combinations.

SEE YOUR DREAM ...ON SCREEN!

A trained designer will; visit you, discover what you want, look at your space, storage needs and budget - share some designs, and then... create a tantalising 3D view of your home-to-be.

MANAGE YOUR ACCOUNT & PAY ONLINE

You can use your personal account to manage everything involved with your new purchase, including the payment. Everything Hammonds, all in one convenient place.

DOING OUR BIT

From every piece of furniture our factories make to every room we fit, we're conscious of our impact on the environment. Every day we're making steps to ensure we care for and give back to our planet.

SLEEP EASY 10 YEAR GUARANTEE

In all honesty, we don't believe you'll ever need this, but your new fitted home comes with a Hammonds Guarantee that will cover the materials for ten years.

Doing our bit

CARBON OFFSET

From 2020, every edition of Moments magazine, every brochure and every brochure envelope is now carbon offset. This conscious move saves an estimated 55 tonnes of carbon per year!* Even better, the brochures are free from single use plastic, and 100% recyclable, you can rest peacefully knowing we're doing our bit to look after the planet. This conscious move saves an estimated 55 tonnes of carbon per year, which equates to more than the average annual carbon footprint of 4 people in the UK!

*Total figure is based on total paper used in the printing process, per year.

SECTION 1:

“In everything we do, we make sure we have as little impact on the planet as possible”

RICHARD HAMMONDS
CEO

WE HAVE PLANTED OVER 100,000 TREES IN 10 YEARS

Whilst sourcing all of our materials from sustainable forests, we've also consciously given back to the planet, planting trees to replace the ones we used! We've planted over 100,000 trees in just 10 years donating over £1 million to the Woodland Trust.

REDUCING OUR WASTE

We aim to create as little waste as possible, so we use the majority of our wood offcuts to heat our factories.

ALL PACKAGING IS RECYCLED RESPONSIBLY. BY US, NOT YOU!

With every installation our fitters will take away every scrap of packaging to our regional warehouses, our drivers will then collect this to be recycled responsibly, whether that's in our factories or at dedicated recycling plants. Leaving your home and the environment as tidy as we can!

SUSTAINABILITY

From every piece of furniture our factories make, to every room we fit, we're conscious of our impact on the environment. Every day we're making steps to ensure we care for and give back to our planet.

We make things better

QUALITY. ONE WORD THAT SUMS UP ‘THE HAMMONDS WAY’.

Your fitted furniture will be made from raw materials in our purpose-built factories by trained craftsmen... but its worth pointing out that the ‘Hammonds’ family name, comes from a long line of carpenters.

No wonder our eye for detail, and the feeling that even the tiniest component deserves due consideration, has spread throughout the company. ‘The Hammonds Way’.

LIVE BETTER

Create a comfortable workspace

Creating an ergonomic working setup will aid your productivity and wellbeing - a supportive chair is the perfect place to start.

Six reasons Hammonds is better

SOFT-CLOSE AS STANDARD

We’re not the only ones that offer ‘soft-close’ drawers, but our rivals only offer this on their exterior drawers. Hammonds offers ‘soft-close’ on both exterior and interior drawers.*

THE SMOOTHEST GLOSS

Have you ever looked at a gloss door and seen what we call ‘orange peel’; it’s a slight rippled effect you get on lower quality gloss doors. How do we avoid it? Simple, we’ve explored different processes to ensure we get the perfect, crisp finish.

STRONGER DRAWERS

A drawer should be robust; we build ours with four strong sides, then fit our handles to an additional panel. Other companies stick their handles directly to the frame, slapdash.

QUALITY MATERIALS

The thicker the material used, the better. So we only select the best quality MDF or MFC, making the overall build stronger and more durable. Our work looks and feels more substantial.

MATCH CORNICE & PLINTH

We design a range not just a door – a great deal of thought and consideration goes into designing a range. Everything is specifically tailored to complement that range including different styles of cornice and plinth to finish the range off perfectly. No short cuts!

BUILT TO LAST

Every component is examined, studied, tested and improved. All our wardrobe doors are fitted with four hinges for extra support as well as a lifetime guarantee... you can’t say fairer than that!

*Soft-close not available on our front frame system for our sliding wardrobes.

SECTION 2:

Shop by room

For the whole home

We believe tailored storage is key to a calm, well-ordered home - which is why we craft beautiful furniture for every room of the house.

SHOP BY ROOM

Living Rooms

Linje in White Matt & Driftwood

A place for everything

Your living room should be a place of calm and relaxation, for the whole family. With tailored storage available in a range of styles, there's a perfect choice for your space.

SECTION 3:

Perfectly painted

There's something unique and special about the look and feel of a painted bedroom – it can completely transform a space into your dream bedroom.

We're truly passionate about helping you create a bedroom that's perfect for you, so we've spent a lot of time carefully selecting a palette that is beautiful, versatile and current.

Our curated colours are expertly sprayed over a delicate wood texture to create a wonderfully soft effect, whilst ensuring a hard-wearing finish.

Choose either a naturally inspired grain texture or a smooth finish in a beautifully muted palette of seventeen shades, offering the perfect choice for any style home.

SECTION 4:

Our service

Interior design ideas and space saving solutions

Bring us your thoughts, scribbles,
a moodboard; we'll work with you to bring
that sketchy, imagined fitted space to life.

FREE home design service

WHAT TO EXPECT...

When we say that a well ordered home can improve the way you live - we mean it. Our carpenters and craftsmen will bring all their expertise, plus over 90 years of talent and knowledge, to create your perfect space. For us, every design is special, so no two Hammonds' designed homes are the same. Well, you're unique, so shouldn't your room be too?

WE VISIT YOU

To begin with, we'll visit you. Our designer will want to know the look you're after. Plus you'll see some samples; doors and finishes, hinges and handles. And finally, we'll find storage space you didn't know you had. Plus you'll see more samples; door styles, finishes, fabrics and handle options.

THE FREE, FUN TECHY BIT

Next, using our CAD (computer-aided design) home design system we'll create a 3D computer graphic view of your room. It will take shape in front of you, letting you experiment with colours, finishes... everything.

A FREE QUOTATION

Once we know the look you like, our designer will take you through your options, and bit by bit, based on what you want and your budget, we'll come up with a sensible quotation.

See your dream home (on screen)

Our CAD system lets you create a 3D real-life view of your space. So, go on, experiment, try stuff. Why not?

OUR SERVICE

What to expect

...ONCE YOU'VE DECIDED TO BUY

First, a member of our pre-fit team will call you within seven days of placing your order to book you in for your detailed room survey and schedule your provisional installation date. Your survey appointment is really important, it's your chance to check everything over again, whilst we check all the measurements – the devils in the detail and we like to measure twice and fit once! Once your survey has been completed, we will update your order if necessary, and start the preparations ready for the arrival of your beautiful new Hammonds furniture.

“Our expert
craftsmen measure
twice and fit once!”

DAVID JONES
Hammonds Designer

EVERYTHING HAMMONDS, ALL IN ONE CONVENIENT PLACE.

We have a great online ‘**My Account**’ area where you can track your order, make payments, find handy FAQs and contact us quickly. Your account is set up automatically on the day you book your design visit, and your details are sent to you by email. If you need these details again, contact us at myaccountqueries@hammonds-uk.com
