RE: Mobile Phlebotomy & Lab Services Update - 7/7/2026

The former team of Apex Florida, in collaboration with PTI Health & Labcorp have resumed mobile lab services in SE Florida closing the gap in healthcare left on May1st. The same team you have relied on for nearly 20 years as Apex is now operating as “**PTI Health of South Florida**”.

As South Florida’s aging population grows, mobile lab services are key to ensuring continuity and quality of care. Together, PTI Health, LabCorp and the former Apex team remain committed to supporting healthcare providers and their patients and keeping access mobile laboratory services across SE Florida.
