

A capable and robust 16m pilot boat

Carrying 7 passengers and delivering top speeds of 25 knots, this robust, all-purpose vessel is exceptionally designed to effortlessly fulfil a wide range of harbour operations.

Whether facilitating fast and efficient crew transfers, or supporting the safe passage of ships through the port, RMD's capable 16m pilot boat offers resilience and adaptability without compromise.

This impressive craft has been designed in accordance with MCA Workboat Code 3 and MSO P5 Licence.
