24 Napoleon Road, Barrie, Ontario, Canada L4M 0G8
 103 Miller Drive, Crittenden, Kentucky, USA 41030
 7200 Trans Canada Highway, Montreal, Quebec, Canada H4T 1A3

Consult your owner's manual for complete installation instructions and proper clearances to combustible materials. Check all local and national building codes and gas regulations. All specifications are subject to change without prior notice due to on-going product improvements. Products may not be exactly as shown. Flame height and activity is influenced by varying vent configurations and may not appear as shown. Napoleon is a registered trademark of Wolf Steel Group Inc. EnerGuide - A Canadian efficiency standard based on frequent, short start-up and cool-down cycles. All appliances sold in Canada are subject to this EnerGuide rating system. AFUE- A US efficiency standard (Department of Energy) based on extended on/off cycles, more typical of fireplace usage. Steady State - Reflects the highest possible overall heating efficiency.

Napoleon is a trademark of Wolf Steel Group Inc. and is used under license.

Charcoal

Black

Included controls

eFIRE mobile app

Providing a more connected and convenient experience by controlling every setting right from your mobile device. This includes: on/off, flame height, blower speed, and ember bed.

Remote

Enjoy added convenience with the included remote—control every function of your fireplace, including power, flame height, and blower speed, from the comfort of your couch.

Optional heat management

Hot air distribution kit (LHAD)

Efficiently moves warm air from the fireplace to a different room using flexible ducting.

Dynamic Heat Control (DHC)

Optional system that enhances performance and lowers wall temperatures. This system works without a fan for quieter operation and is perfect for situations where heat-sensitive objects, like a wall-mounted TV, need to be placed directly above the fireplace and recessed. It offers the lowest height clearances for TV or artwork installations.

Dynamic Heat Control Plus (DHC+)

Optional system to add to your DHC to move the heat to other areas within your home or even outdoors.

Innovations

Modulating electric ember bed

Delivers remarkable realism, mimicking the natural glow and flicker of real embers to create an authentic, inviting ambiance.

Choose your fuel

The Elevation Gas Series has the same rough framing of the Napoleon Elevation Electric fireplace so you can frame your project now and choose your fuel later.

Direct vent

Effectively removes exhaust and fumes from your space, keeping your indoor air clean while also conserving energy.
