## USA Pan Sale

Thank you to all the volunteers, parents, and athletes who worked so hard on Saturday. The event was a little smaller than last year due to the weather but still was successful. We have received a lot of feedback from the community commenting about how great our players were. They were helpful and courteous. It was an excellent opportunity for the players to connect and build relationships with the community, and they nailed it. Well done, players and parents!

## Golf Outing

The next major fundraiser is the Annual Golf Outing scheduled for July 8, 2023. Chris Bellotti has agreed to head up the golf portion of the event. We still need volunteers for the baskets and general help for the event. Please get in touch with Moon QBC if you can help out with this event.

## Moon QBC Player Registration

The cutoff date for player registration will be May 31, 2023. Players must register with the Moon QBC to receive the items supplied by the boosters, such as travel gear. Any registrations after this date will not have the option to fundraise. After the close of the registration, the fundraising tickets will be printed and distributed to those that selected that option.
