Dear St. Lawrence Family and Friends,

First of all, we would like to thank all who have already given so generously to support our Steel for the Steeple project. I am pleased to say that we have surpassed our goal of \$34,000 which was the amount of our initial bid. (St. Lawrence 1, Woodpeckers-0) However, the bidding contractor found that he was unable to complete the project due to the height of our steeple and had to rescind his bid. It is a loooooong way up there. (St. Lawrence 1, Woodpeckers 1).

That sent our building committee out looking for another contractor who was willing and able to tackle the project of replacing our steeple siding with steel shingles to hopefully keep those pesky woodpeckers and the forces of nature from damaging our house of worship in the future.

The good news is that we have found a brave contractor who is willing to take on this project. The bad news is that it is going to cost more. The new bid is approximately \$50,000.

We would like to complete this project as soon as the contractor is able to prevent any further damage to our steeple. So, we are once again asking for donations to this project. Thanks again for your generosity thus far. I know that with your help, we can break the tie and win the battle with the Woodpeckers.

Fr. George

Within the context of the Mass, parishes are able to provide teaching and resources that will support and protect individuals, marriages, and families in making all homes a safe haven.
