Roadwork		

You okayed the earthwork on the road, and then you ordered the AB. I told you several times that you did not know how to calculate quantities for AB, so your numbers were incorrect. Never did we use AB as a source of borrow. We need credit back from the water line bill of \$2,457.50.

Earthwork and AB on Site Pads

All earthwork on pads was okayed by you before AB was placed. No AB was used as a borrow source. And again, your calculations were wrong. You are using loose AB versus compacted AB. Earthwork and AB was paid in full. If you had any complaints, they should have been addressed then and deducted from payment instead of making full payment. For this, we need credit back from the water line invoice of \$1,497.20.

As the agreement states, the owner is to pay in full for each segment as completed, which you did. If any back charges were to be made, they should have been made at that time, not after the fact.

Correct hours for Tom Smith

Sept. 7	6-10am	4 hrs left early hauled water to pad	
Sept. 8	6-2pm	8 hrs	
Sept. 9	6-1pm	7 hrs	
Sept. 11	6-2pm	8 hrs	
Sept. 12	6-8am	2 hrs	
Sept 13	6-2pm	8 hrs	
Sept 14	6-11am	5 hrs went home sick	
Sept 15	6-11am	5 hrs	
Sept 18	8-1pm	5 hrs	
Sept 19	6-1:30pm	7.5 hrs	
Sept 20	6-12:30pm	6.5 hrs	

Total of 66 hours X \$25.00/hr. = \$1,650.00. Your bill is \$2,025.00. You owe HT4 \$375.00 for the difference.

A record of his hours was logged by me on a daily basis. Any hours he worked outside of those hours are not mine to pay, they are yours.

This \$375.00 needs to be added back to the waterline invoice.

Back charges to Jim

1 ½" hose at well site - \$175.00

Level around pump house - 1 hr. @\$100.00/hr = \$100.00

On Monday, July 17 we worked on haul road to pump for Jim. 8 hrs. @ \$100.00/hr. = \$800.00

This includes hauling material from your friend's house.

Dis.

The agreement was made that construction water would be available on site at the start of construction.

This did not happen, so water had to be hauled from Quartzsite. At the meeting of Sept. 12th, both you and your wife said to bill you for the extra cost. This took 11 days for you to get your pump ready. This meant a loss of work time plus the extra cost of equipment and labor.
