### All posted rounds are adjusted for Equitable Stroke Control (ESC)

For handicap purposes, Equitable Stroke Control (ESC) is the downward adjustment of individual hole scores in order to make handicaps more representative of a player's potential ability. ESC sets a maximum number that a player can post on any hole. ESC is used only when a player's actual or most likely score exceeds his maximum number (based on the table to the right), but is applied to all scores for handicap purposes, including tournament scores. There is no limit to the number of holes on which a player may adjust his score.

Course Handicap	Maximum Number On Any Hole
9 or Less	Net Double Bogey
10 thru 19	Net Double Bogey
20 thru 29	Net Double Bogey
30 thru 39	Net Double Bogey
40 or More	Net Double Bogey
