TEMPLATE

Ella  
**SQUISHY  
CUBE  
TEMPLATE**

**2.5" x 2.5"**

## INSTRUCTIONS

Follow these steps to make  
your own Ella's Emotions  
Squishy Cube:

- Print the template available at [ellatherestlessprincess.com](http://ellatherestlessprincess.com).
- Color Ella on each side of the cube and make it your own.
- Cover the front of the template with clear packing tape. Cover only the template, not the entire page.
- Cut out the template along the outside edges. Ask an adult for help if needed.
- Fold the template along the fold lines to form the cube.
- Tape the sides together, but leave the top open. You will use this opening to fill your cube.
- Fill the cube with polyfill or other soft doll stuffing. Add enough to make it nice and squishy.
- Close the top and seal it with tape.
