

Pledge to the 107th Engineer Association
(2024)

As a member of the 107th Engineer Association, it is my duty to support God and country. We who meet for this honor, strive to show this battalion and all America, that our fellow patriots who have gone before us, never truly die, due to our diligent remembrance of them. We who gather here today, remember and honor their selfless service in the highest regard. Let us all do our part to ensure the traditions of the 107th Engineer Association are maintained by our reunion presence each year. We will continue to support the 107th Engineer Association, this battalion, and our military in all current and future endeavors.
