

MEET

MICHELLE MILLER-MCCOY

I have been practicing law for over twenty-seven years, primarily in the areas of estate planning and probate. I work closely with clients and their families to find practical solutions, using tools such as wills, trusts, powers of attorney, prenuptial agreements, limited liability companies and buy/sell agreements. Sometimes, though, I meet clients after the worst has happened and the time for pre-planning has passed. In these cases, the goal is to help them through their challenges as professionally and kindly as possible.
