

# MEET

## MARY GROSSERODE

Over the last 20+ years, Mary has helped thousands of older adults in their search to find the right Independent Living, Assisted Living, or Memory Care community to meet their needs. She personally has worked in some of the best retirement communities before her role as a Senior Living advisor.

Mary understands the needs of her clients and will work tirelessly for them. Her mother had Alzheimer's disease and knows first hand the struggle many of our clients have. Her personal and professional experiences have helped her become the advocate she is today.

When Mary isn't serving her clients she enjoys spending time with her grandsons, Tommy and Jonny. She also enjoys supporting some non profit organizations, playing Bunko with her friends and participating in a Book Club.
