# DISCIPLESHIP PROCESS

## CLARITY - MOVEMENT - ALIGNMENT - FOCUS

Success is measured in the faithful weekly proclamation of a biblical Gospel message, engaging in conversations with the lost, the handing out of Gospel tracts, fellowship amongst the group and active mentorship.

### **Movement**

- SHOW UP - AGREE
- PAIR UP - MENTORSHIP
- PREACHING - TEACHING

Show Up = New person joins us, we pair them up and find out who they are and what they are expecting from Preaching Christ Halifax.

Agree = They are then asked to review the Foundation Documents and agree to them before the next meeting - (This aligns them with our values/mission)

---

Pair Up = Two by two's we pair them up with a Leader or a member as directed by a Leader in order to start the teaching process.

Mentorship = The Leader will receive contact info and will up a mentorship plan with the person. He will calls their pastor to let them know that the person has started this process with us, confirms that they are in a church and are partaking of the Lord's supper. (accountability)

---

Preaching = The Leaders and mentor agree that the process is complete and the person is ready and able to mentor others in the group, he will be asked to start preaching under the supervision of a Leader - The person will attend a mentorship class, teaching him to mentor others successfully.

Teaching = Final stage. The person is fit to be a leader in the ministry.

**Alignment** - Foundation documents + Partner relationships. + Mentorships + Process of discipleship.

**Focus** - Limit adding tasks, eliminate complexity (time/money)
