*The tolling of bells...
can alert us, summon us, or kindle
emotions within us when words
simply fall short.*

*Aptly so, a treasured sampling of
historical bells exists in New York's
20th Congressional District, famously
so in the birthplace of America, and
also in our nation's capital.*

*As bells sound a clarion call that fills
the air, I truly hope we are stirred to
share the holiday spirit with family and
friends and inspired to work toward
world peace
in the New Year!*
