Desktop Restricted Appraisal Report (Narrative Format DRAR With a Value Range)

Desktop Restricted Appraisal Report Appraisal Highlights:

- Used to provide an opinion of probable market value range (low/high)
- Intended use is to assist the client in evaluating the suitability of the subject property for pre-lending, listing, buying, selling and other general purposes
- Report is in a Narrative Format
- Uniform Standard of Professional Appraisal Practice (USPAP) compliant
- Includes:
 - Comparable Sales/Listings
 - Location map
 - Market Conditions
 - Appropriate certifications and limiting conditions

The "Desktop Restricted Appraisal Report", does NOT meet FNMA or most other conventional mortgage underwriting guidelines; but does provide a reliable range of value and meets USPAP requirements.

Clients use this type of report because it is more reliable than any Automated Valuation Model (AVM) and saves time and money.

Fees:
\$100 Fee-SFR under 1,000SF
\$125 Fee-SFR 1,000-4,000SF
\$150 Fee-SFR 4,000-6000SF
Over 6,000SF SFR (Call for Quote)
\$175 Fee Duplex & \$200 Fee-Quad or Triplex
Commercial Desktop Appraisals starting at \$575

The report is in a brief narrative format that will be sent as a PDF attachment via e-mail response giving a most likely value range, and a list of the most likely comparable sales and or listings.

The range is reliable, provided good data is available and were given the correct information for the property. If good data is not available then the order will be declined and the fee will be refunded.

Turn time for the "Desktop Restricted Appraisal Report" is usually 48 hours depending on work load (72 hours Commercial) (Monday-Friday 9am to 5pm) after we receive the order and payment. **Note:** Additional fees apply for complex appraisals. **Call for Quote.**
