PRESIDENTS GARAGE

Hello **REBELS** Family,

WOW, where has the year gone? It seems like just yesterday we were all sweating in the 100 (felt like 150) degree heat at our show, and here it is December already. I hope everyone has had a great year this year. With December, besides Christmas, comes election of officers, it's very important to have our members take an important role in the future of the Rebels Auto Club.

The Offices up for Election are: • Vice President • Secretary • Event Coordinator • Board Member at Large, we have some nominations already if you'd like to consider yourself or someone you know as candidates (if you want to nominate someone, get their permission first), there's still time for additional nominations. It really makes a difference in the operation, and the future outlook of our club, and only takes a few hours a month of your time, even in my case, not including the 3 hour round trip drive after work from Humboldt twice a month.

We'd also like to have someone the help with membership, reaching out to members that haven't made it to a meeting in awhile, or past members that have dropped out of the club. The Election will be held at the December General Meeting on December 18th @ 7:30, it's very important for everyone to attend and cast your vote.

I hope to see everyone there.

Steve Lewis, President
REBELS Auto Club

WORLD'S SMALLEST CHEVY V8

Moyer Made 1/6 Scale Chevrolet Corvette V-8 Engine

Washington native Jim Moyer has spent countless hours building some of the coolest V8 engine replicas.

If you are going to take on the painstaking endeavor of replicating 1/6 scale running engines, you might as well base them on iconic American muscle car engines, right?

That is exactly what Jim does. With this running 1/6 scale Chevy V8 replica based on the 327 Corvette motor, the video of the Corvette engine running is cool as it gets!

It took Jim almost 7 years to complete from start to finish, making almost all of the parts by hand. If you thought your engine was cool, wait until you see this!

REBELS CARTOON OF THE MONTH

REBELS JOKE OF THE MONTH

Some of us can relate:

A wife was making a breakfast of fried eggs for her husband. Suddenly, her husband burst into the kitchen. "Careful he said, "CAREFUL! Put in some more butter! Oh my GOD! You're cooking too many at once. TOO MANY! Turn them! TURN THEM NOW! We need more butter. Oh my GOD! WHERE are we going to get MORE BUTTER? They're going to STICK! Be careful... CAREFUL! I said be CAREFUL! You NEVER listen to me when you're cooking! Never! Turn them! Hurry up! Are you CRAZY? Have you LOST your mind? Don't forget to salt them. You know you always forget to salt them. Use the salt. USE THE SALT! THE SALT!"

The wife stared at him. "What in the world is wrong with you? You think I don't know how to make eggs?"

The husband calmly replied, "No, I just wanted to show you what it feels like when I'm driving."

From the convoluted mind of Gary

REBELS MYSTERIES OF LIFE

Hard work may not kill you, but why take chances?

If I save time, when do I get it back?

Do Lipton employees take coffee breaks?

Why don't women put pictures of missing husbands on beer cans?

If American mothers feed their babies with little tiny spoons and forks, do Chinese mothers use toothpicks?

Instead of hanging up pictures of criminals in the post office, why don't they put them on postage stamps so the mailmen could look for them while they deliver the mail?

If it's true that we are here to help others, then what exactly are the OTHERS here for?

Is it smart to go ahead and take risks if you're sure everything will turn out OK?

Ever wonder what the speed of lightning would be if it didn't zigzag?

If you and all your friends are crazy, is that the only thing that keeps you sane?

Is an orgasm a grand finale?

Does Xerox ever come up with anything original?

If you like cats too, should we exchange recipes?

If you grabbed a cake of soap when the ship sank, could you wash yourself ashore?

Why is it that people with the most expensive cars drive all the way downtown to get advice from a Stockbroker who got there riding a bus?

How do I set a laser pointer to stun?

If two lighthouse keepers are getting a divorce, is their marriage is on the rocks?

Why is it when a government that robs Peter to pay Paul, it can always depend upon the support of Paul?

If a round peg fits into a round hole, and a square peg fits into a square hole, then why isn't the end of a penis shaped like an axe?

Are you really good in bed if women always ask you if there's any possible way you could make it last longer?

Is a practical nurse one who falls in love with a wealthy patient?

If there was a 100 year old "Lady of the Night" listed in the Yellow Pages, would she be the oldest trick in the book?

Is the slogan for the International Dyslexics Association "Dyslexics of the World, UNTIE?"

If women can have PMS, then why can't men can have ESPN?

Why is it that only half the people in the workplace are above average?

Is the reason they don't have baseball stadiums in Poland, because everyone would be sitting behind a pole?

Will there be more of these next month? The answer is "Yes." (but sadly, they don't get any better!)

REBELS "SAVE THOSE TABS"

Be sure and save your "Pop Top Tabs" for the Ronald McDonald House to give as a donation from the REBELS Auto Club.

Help support the Ronald McDonald House of Lincoln by collecting those little tabs you pull to open soda, soup or other aluminum cans.

IF YOU ARE GOING TO DRINK POP AND/OR ADULT BEVERGES ANYWAY ... WHY NOT SAVE THOSE PULL TABS FOR A GOOD CAUSE?

Bring your Pop Tops to the next meeting, and give to Margaret or Lydell Otley.
