### PRESIDENTS GARAGE

Hello **REBELS** Family,

The beautiful fall weather is here, and just as the summer has come to an end, so has car shows. It's time for a lot of our toys to get put away for the winter.

But that doesn't mean we're done with **REBELS** Auto Club events. Our fall party is coming up on October 19th at 6:00 pm at the VFW, so stay tuned for updates.

We're ready to start our donations for the year, and getting our applications for the scholarships. So lets together and do what we do, and give back to Lincoln through our donations.

I look forward to seeing everyone at the next meeting.

**Steve Lewis, President**  
**REBELS Auto Club**

## VICE PRESIDENT REPORT

Hello **REBELS**,

Here is a quick recap of what is coming up for October (and beyond):

- **GENERAL MEETING:** Wednesday, October 30 at **Hy-Vee** on North 84th
- **EXECUTIVE BOARD MEETING:** Tuesday, October 8 at the new **Perkins** on North 27th (by I-80)

Thanks to everyone that helped out at the UNL Homecoming! It was really appreciated.

Interesting story about the Homecoming parade. I got a call from (get this) the 1969 Homecoming Queen, a very nice lady by the name of Marlene Guroff! She rode in one of our cars way back when she was attending the University. She and her husband now have a convertible and wanted to know if they could participate in the parade this year. Of course I said yes! I took some photos of the Homecoming Parade and you can [View Them Here...](#)

Keep in mind that the subject of 2020 Scholarships will be coming up soon at one of our General Meetings, so look for that. This year we gave out six \$500 Scholarships, so be prepared to help us make a decision and vote on how many and how much for this year.

That's about all I have for this month. Thanks again to everyone for all you do to make the **REBELS** Auto Club the best Car Club in Nebraska!

**Jim McNeil, Vice President**  
**REBELS Auto Club**

## REBELS 1950'S CAR QUIZ

### About This Quiz

It's hard to imagine these days, but at the beginning of 1942, the United States ended all consumer automobile production. The factories that had just weeks earlier been cranking out sedans and convertibles were quickly converted to wartime makers of bombs and guns. Once the Allies won World War II, car companies immediately retooled again, reinventing their vehicles to satisfy Americans' new tastes and booming wealth.

This quiz is where the rubber meets the road – what do you really know about the cars of the 1950s?

## REBELS CARTOON OF THE MONTH

### **ANOTHER REBELS JOKE (because we had a little space to fill)**

A woman, searching for a job, inquired about the benefits. The Personnel Manager informed her they had group health and life insurance, but the costs were deducted from the employee's pay.

She said, "My last employer had full health coverage, as well as five years salary for life insurance and a month's sick leave AND they paid the full premiums."

"I can't help but asking madam why you would leave a job with such benefits the interviewer replied.

The woman shrugged her shoulders and said, "The Company went bankrupt."

## REBELS MYSTERIES OF LIFE

Isn't beauty in the eye of the beer holder?

Could it be that customer service has not gone down, just that customer stupidity has gone up?

Why is it called 'after dark', when it is really after light?

Are heart attacks just God's revenge for eating his animal friends?

How many roads must a man travel down before he admits he is lost?

Is divorce from the Latin word meaning to rip out a man's genitals through his wallet?

If a family of Pink Flamingos has moved in next-door, do they put plastic Mexicans up on the front lawn?

Is Autopsy a dying practice?

Does everyone hate me because I'm paranoid?

Is there a zoning law that requires each new strip mall to have a chiropractor's office, a tanning salon, a nail salon, a laundry and a Chinese restaurant?

Why is Jesus the only biblical figure who has a last name?

Why is the severity of the itch directly proportional to the reach?

If 75% of all accidents happen within 5 miles of home, why not move 10 miles away?

If we make it idiot proof, won't someone just make a better idiot?

If you walk into a bar and order a double why doesn't the bartender bring out a guy who looks just like you?

Does bisexuality immediately double your chances for a date?

Is a flashlight just a case for holding dead batteries?

Is the Lottery just a tax on people who are bad at math?

If God wanted us to touch our toes, why didn't he put them on our knees?

Would an airbag in a politician's car be the definition of a redundancy?

What happens if you went to school to become a wit, but only got halfway through?

Since Bill and Hillary Clinton are from Arkansas, if they get a divorce will they still be brother and sister?

Why is it that the only time the world beats a path to your door is if you're in the bathroom?

Can you think of even one way to skin a cat?

In the days of ancient Rome, was a score of 100 on a test only worth a C?

When you go into court, aren't you just putting your fate into the hands of 12 people who weren't smart enough to get out of jury duty?

Did you ever wonder where people in hell tell people to go?

Are you telling the truth when you lie in bed?

**Will there be more of these next month? The answer? "Yes." But sadly, they don't get any better!**

Many Hearts. One Home.
