I will still volunteer and help at all the events that I was doing before, I just won't be the leader.

## REBELS CARTOON OF THE MONTH

4000 years later and we're back to the same language... 🤔 😂

## REBELS JOKE OF THE MONTH

Some of us can relate:

A wife was making a breakfast of fried eggs for her husband. Suddenly, her husband burst into the kitchen. "CAREFUL he yelled, "CAREFUL! Put in some more butter! Oh my GOD! You're cooking too many at once. TOO MANY! Turn them! TURN THEM NOW! We need more butter. Oh my GOD! WHERE are we going to get MORE BUTTER? They're going to STICK! Be careful... CAREFUL! I said be CAREFUL! You NEVER listen to me when you're cooking! Never! Turn them! Hurry up! Are you CRAZY? Have you LOST your mind? Don't forget to salt them. You know you always forget to salt them. Use the salt. USE THE SALT! THE SALT!"

The wife stared at him. "What in the world is wrong with you? You think I don't know how to make eggs?"

The husband calmly replied, "No, I just wanted to show you what it feels like when I'm driving."

## REBELS MYSTERIES OF LIFE

From the convoluted mind of Gary

Just who is J. D. Power and how do you get to be one of his associates?  
Why do they call a bag of chips "Nacho's" if they belong to you?  
Do you realize that the *average* American has one boob and one testicle?  
When crazy people go through the forest, do they take the psycho path?  
Do prisoners use cell phones to call each other?  
Whenever we think of the past, why does it bring back so many memories?  
If you have a burning sensation when you pee, should you call the Fire Department?  
If the government doesn't like sports mascots named after Native Americans, why did they name our most lethal military helicopter "The Apache"?

If deer could fire back, would there be a lot fewer humans hunting deer?

Wouldn't a Jewish Mother have a terrible dilemma if her daughter was gay and dating a doctor?

Isn't it a bit unnerving that doctors call what they do "practice"?

Who's General Failure & why is he reading my hard disk?

If debugging is the process of removing bugs, then is programming the process of putting them in?

If you always wanted to be a procrastinator, why didn't you ever get around to it?

When seeding a lawn, why are the results from hundreds of dollars worth of fertilizer, grass seed and man hours so difficult, but without even trying and for free, grass grows in the driveway cracks?

Did you know that "verb" is a noun?

Is being healthy merely the slowest possible rate at which one can die?

Is duct tape like "The Force" because it has a light side and a dark side and it holds the universe together?

If guns are responsible for killing people, are pencils responsible for spelling mistakes?

Is animal testing a bad idea since they might get all nervous and give the wrong answers?

If two people invest in a boat, is it a partner-ship?

When Jaywalking is outlawed, will only criminals get to work on time?

Would a midget psychic who has just committed a crime be called a small medium, at large?

Is your holier side your altar ego?

Why is it every time you subscribe to a magazine for two years, you get a renewal notice in six months?

Why don't we remember being absent minded?

Why isn't there a new Jewish American Princess horror film called "Debbie Does Dishes"?

Is the first rule of holes "If you are in one, stop digging"?

**Will there be more of these next month? The answer is "Yes." (but sadly, they don't get any better!)**

Many Hearts. One Home.
