PRESIDENTS GARAGE

Hello **REBELS!**

Welcome to this month's newsletter!

I am glad to see that weather has finally turned for the best clouds are lifting and sun is shining with moderate temperatures.

Hope this is a good sign for some more cars shows this year instead of all the cancelations due to the Corona virus.

This year is already starting look busier than last year. Rebels Car Show is expected to go on in June as we are still working out all the details for this year's regulations for crowd control.

Hopefully this year's regulations will be more manageable than last years.

Happy St. Patrick's Day

Brian Nystrom, President

REBELS AUTOMOBILE HISTORY QUIZ OF THE MONTH

Fascinating trivia questions like:

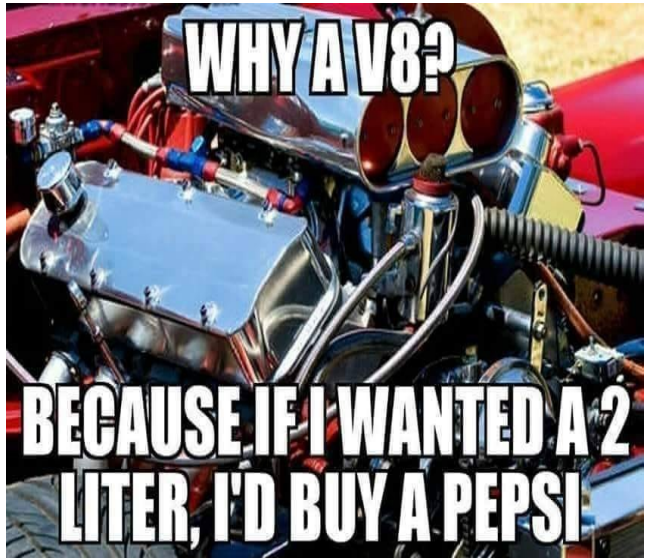

Where did the name "Pick UP Truck" come from?

What was the first official White House car?

Really interesting and fun stuff...

REBELS 'PICTURES OF THE MONTH'

REBELS VIDEO OF THE MONTH

Did you ever think of all the car names there are ... and what they might mean?

Here is a great comedy act that points out all the names of cars over the years. Runs only 3 1/2 Minutes.

REBELS MYSTERIES OF LIFE

From the convoluted mind of Gary

What if there were no hypothetical questions?
If you want to be an astronaut do you just go to college and take up space?
If you lived in your car, wouldn't you be home by now?
To be politically correct shouldn't Taco Bell call it a "Spanish-American" pizza?
Ever stop to think and forget to start again?
Should we just say "No" to one-word solutions?
When does hindsight begin?

How do I put my hard drive in reverse when I want to back up?

If money is the root of all evil, why do churches want it so badly?

I buy the beer. I drink the beer. I empty the cans. I crush the cans and bag them. My wife takes them to the recycle center and keeps the money for herself. ... Is this fair?

Do you love animals if you eat them and wear their skins?

Why does the first piece of luggage on the airport carousel never seem to belong to anyone?

Remember when FM radio meant lots of music and hardly any commercials?

What do all the obnoxious, pathetic people who grovel for autographs do with them?

If a photographer can get a shot of Saddam Hussein, why couldn't our military?

What do you say if you meet God and he sneezes?

Wasn't the Bible was written by the same people who said the Earth was flat?

Why do they tear out the trees in the suburbs and then name streets after them?

Why is marriage always a bachelor's last option?

How did people describe the sound of a tornado before freight trains were invented?

Why do you get hangnails on your fingers but never on your toes?

Would crime still pay if the government ran it?

Are Nonconformists all alike?

Why is it that the more things change, the more they stay insane?

If the tobacco and gun industries can be held liable for product abuse, why can't parents be held responsible for the actions of their children?

Why don't I remember being absent minded.

If all is not lost, where is it?

As long as there are tests, won't there be prayer in public schools?

Should all Procrastinators Unite ... next week?

How come professional athletes never ask to re-negotiate their contracts for LESS money after they have a BAD season?

If there was no gravity, would birds stay right where they were when they died?

If you're offended by testicle jokes, are you nuts?

Can you kill a 6-pack "just to watch it die"?

If I have debts amounting to \$250,000 and I have \$1,000 left over from my budget this year, does that mean I have a surplus to spend?

How can someone be *found* missing?

Why is it when the media does it, its called "news coverage", but when an individual does it, it's called "stalking."

Bet you thought I would run out of these, didn't you? (everyone handles the Corona Virus Pandemic differently...)

So, will there be more of these next month? The answer is "Yes." (but sadly, they don't get any better!)
