REBELS AUTOMOBILE HISTORY QUIZ OF THE MONTH

Vintage Automobiles and Rare Vehicles

Some of the most beautiful vehicles ever built (and some not so...).

This is pretty long, so block out some time before diving in.

Really interesting and fun stuff. Some of the Facebook comments are pretty good too!

REBELS 'PICTURES OF THE MONTH'

If you think you are smarter than the previous generation...50 years ago the owners manual of a car showed you how to adjust the valves. Today it warns you not to drink the contents of the battery.

REBELS MYSTERIES OF LIFE

From the convoluted mind of Gary

If Barbie is so popular, why do you have to buy her friends?
24 hours in a day ... 24 beers in a case ... coincidence?
1 almost had a psychic girlfriend but she left me before we met
What is a *sanitary* landfill?
Why does "slow down" and "slow up" mean the same thing?
Why does X stand for a kiss and O stand for a hug?
If firms keep going out of their way to give me credit, should I be deeply indebted?
Why do we say something is out of whack? What is a whack?

Why do we say something's 'out of order' when its broken but we never say 'in of order' when it works?

How do you make an *exact* estimate?

Could it be that people don't have a problem with drugs, they just have problem with the police?

Why is it that no word in the English language rhymes with month, orange, silver, or purple?

Why is it that we recite at a play and play at a recital?

Why is it that writers write but fingers don't fing, grocers don't groce and hammers don't ham?

Why do they put all those grocery lanes in the stores when they only keep one or two open at any given time?

If a mirror reverses right and left, why doesn't it reverse up and down too?

Statistics show that American workers labor the first three hours of every day just to pay their taxes, so is the reason we can't get anything done in the morning, because we're government workers?

Does the back of an Iowa quarter say "four of these equals one dollar"?

Can you "FIGHT BACK" by filling out your tax forms with Roman numerals?

Could someone tell me why I need 350 TV channels?

Why should I have any faith in my doctor, since all his patients are still sick?

If they tell you that you are gullible ... should you believe them?

Is "graduate student" an oxymoron?

Is drilling for oil boring?

If Wurlitzer merged with Xerox, would they market reproductive organs?

Is it bad luck to be superstitious?

Is Santa is so jolly because he knows where all the bad girls live?

If you went to a book store and asked the salesperson where the self-help section was, would it defeat the purpose?

Could it be that all those trick-or-treaters wearing sheets aren't going as ghosts but as mattresses?

Is the best thing about egotists that they don't talk about other people?

Do pediatricians play miniature golf on Wednesdays?

If God dropped acid, would he see people?

If work is so terrific, how come they have to pay you to do it?

If you ate pasta and anti-pasta, would you still be hungry?

If you try to fail, and succeed, which have you done?

Why is it called tourist season if we can't shoot at them?

Is there an equestrian anatomical miracle going on in the world?

Why are there are more horses asses than horses?

What would you do if some one asks you about your vow of silence?

Is today's subliminal message: ?

Bet you thought I would run out of these, didn't you? (everyone handles the Corona Virus Pandemic differently...)

So, will there be more of these next month? The answer is "Yes." (but sadly, they don't get any better!)
