## Improving Communication Effectiveness

This presentation provides:

- **Inspiration & Encouragement**
- **Structured relaxation**
- **Social + Visual & Stimulation**
- **Memory /Sensory Comprehension**
- **Spiritual Gravitation**
- **Creativity to Problem Solving!**

Sound Calligraphy Therapy was birthed as a result of the (Group) experience! Mentoring a group of young men dealing with emotional identity hurt, pain and rejection. Thanks to everyone that ever made me feel important contributed to these Positive Affirmations for everyday life!

"Many have eyes but  
rarely few actually see!"

## Sound Calligraphy Therapy

Provides functional conflict resolution which also contributes to psychological and perceptual improvement.

This presentation includes a vast range of social comprehension and positive affirmation resolutions. Helping viewers develop a healthier outlook of themselves, which suggest functional conflict resolve.

**"Its how we perceive  
things that ultimately  
determine how we  
receive things."**

A structured activity such as this presentation of self –Actualization can contribute essentially to the improvement of IQ reasoning, self-esteem awareness, witty creativeness Ingenuity, also processing and internalizing a positive outlook on life!

The Presentation is designed to help double your efforts to help others around you feel important and successful. As a result they will multiply their efforts to do well for YOU!

**"BE A WINNER!"**

## The People

This presentation is available on a personal level or among groups or just people who enjoy a structured activity. Studies show this form of Sound Calligraphy Therapy is designed uniquely for any group of people, race, color, faith, or religion of all ethnic cultures and backgrounds.

"We heal ourselves by giving Altruism & Love to others."
