

# Ready to get Mirena?

Follow this  
step-by-step  
guide.

 **Mirena**<sup>®</sup>  
(levonorgestrel-releasing intrauterine system) 20 mcg  
per day

Keep life simple.

# If you have health insurance

STEP  
**1**

## Schedule your appointment with your healthcare provider's office

Mirena is often placed during the first week of your period.

Appointment Date \_\_\_\_\_ Time \_\_\_\_\_

STEP  
**2**

## Find out who will contact your insurance company

### If the office is calling:

Call your healthcare provider's office back within 3 to 5 days if they haven't called you yet.

**If you are calling: Go to Step 3.**

STEP  
**3**

## Call your insurance company

Ask if Mirena is covered as a medical benefit and check to see if **BOTH** Mirena and your placement appointment are covered. Please note that even if Mirena is covered, you may be responsible for some form of payment.

Be sure to ask about: • **Co-pay** • **Deductible** • **Partial coverage (Co-insurance)**

### If Mirena is not covered as a medical benefit, check your pharmacy benefit:

- The pharmacy benefits number will either be on the back of your insurance card or on a separate pharmacy card
- If you have coverage with CVS Caremark, they manage your pharmacy benefits  
**Note:** CVS Caremark is unable to leave voicemail, so be sure to follow up if you don't hear back within a few days after contacting them
- Ask if both Mirena and your placement appointment are covered

### Provide:

- The policy and group numbers from your insurance card
- The Healthcare Common Procedure Coding System (HCPCS) code for Mirena—often called “the J code”— which is **J7302**
- The Current Procedural Terminology (CPT) code for having Mirena placed, which is **58300**

**Tip:** Whether or not you have insurance, paying for Mirena with pre-tax dollars from a Flexible Spending Account (FSA)\* may be another way to save.

\* FSAs are offered by many companies to employees as part of their healthcare plans.

## INDICATIONS & USAGE

Mirena (levonorgestrel-releasing intrauterine system) is a hormone-releasing system placed in your uterus to prevent pregnancy for as long as you want for up to 5 years. Mirena also treats heavy periods in women who choose intrauterine contraception.

## IMPORTANT SAFETY INFORMATION ABOUT MIRENA

Only you and your healthcare provider can decide if Mirena is right for you. Mirena is recommended for women who have had a child.

- Don't use Mirena if you have a pelvic infection, get infections easily or have certain cancers. Less than 1% of users get a serious infection called pelvic inflammatory disease. If you have persistent pelvic or abdominal pain, see your healthcare provider.
