Excerpt:

Campbell swim has helped her learn to push through the hardships when all you want to do is give in to the little voice saying “it’s ok to settle.” The small things such as speeding out of the parking lot to “beat the buses”, the cobbler at swim meets and the Campbell cheer that gets other school to join us that makes Campbell swim her most meaningful experience in high school. The leadership, mentorship, and empathy that makes Campbell swim the impetus for my ultimate success as an orthopedic surgeon.

“Even this season with Covid-19, the basis of what makes our team special doesn’t have to do with all the extra fun things. Everyone was still supportive, if not more, and we were still a very tight knit family. I learned that the four years it was my teammates, coaches and support system that were there encouraging me and they kept me going.”
