- There are two different primary routes into the property. One of the two routes is mostly paved. The west end of county road 42 is NOT paved. The paved route is referred to as the "Bethesda Road Access (aka – County Road 44)"
  - "Bethesda Road Access" - Turn south off of Highway 71 on the southern side of Mena (immediately next to "Country Express" gas station). Travel 2.8 miles down Bethesda Road (aka County Road 44) where you will turn right on to County Road 42. After you turn on County Road 42, travel ¼ mile. Turn left on to County Road 402 (Gravel Road). Go approximately 100 yards and turn left into the first driveway on the left. Welcome to Rock Creek Cabin.

- We suggest that you use the "Maprika" app for Android or Iphone. Once app is downloaded search for the "2022 Wolfpen-OMTAC" map. Drop a pin at the cabin location should be indicated by a blue arrowhead as your present location. The app will then track your location as you move around the forest.

We are convenient:

What's great about our cabin location is you can take a beautiful, scenic 30-40 minute legal ride on dirt back roads to the west or south trail head (no need to trailer your ATV). You can turn left out of Rock Creek Cabin on to County Road 402. Follow it several miles to the Shady community. You WILL, however need a map if you are not familiar with these area roads. If you choose to trailer in, turn right out of the Rock Creek Cabin onto County Road 402, turn right (east) on to county road 42. Go to County Road 44 and turn right. Travel on County Road 44 for less than a mile and turn right on Highway 375 East. Travel just 4 miles on Highway 375 East and the West Trail Head will be located on your left. For your safety, please ride cautiously on the state highway. Riding on the public roads outside of the city limits is legal in Arkansas as long as you are traveling only from one trail head to another or from your cabin directly to the trail head. Please contact us for any clarification in these rules.
