

## Navigation Tips

Navigation Tip 1: Take Exit 70 (Eli exit) off Cumberland Parkway. Quickest and most efficient exit to the Lodge. It is a very new exit and not all GPS apps are picking it up. If you get off on exit 78 (Nancy exit), it will work but there are very steep hills to go through. Exit 62 (Russell Springs exit) works too.

Navigation Tip 2: Use 3590 Gosser Ridge Road, Russell Springs KY 42642 as the destination. Our actual address is 230 Five Points Drive, Russell Springs KY 42642 but it does not always produce accurate results on GPS apps. When you get to 3590 Gosser Ridge Road, you can go straight or take a left turn. **Take the left turn** (there is no street sign) for

about  $\frac{3}{4}$  of a mile then you will see the Briarwood subdivision gate. The gate code is 1621.

Navigation Tip 3: It will look like you are lost once you exit Cumberland Parkway. You are about eight miles from the Lodge at this point. There will be lots of farms, cows, and crops. Keep going. The road will squeeze down to a single lane for the last mile or so. Its ok; keep going.

Navigation Tip 4: Call Randy Gomez. My cell is 317-287-4689. I will talk you in.

## Excellent Resource for Activities

Russell County has an excellent visitors guide to Lake Cumberland. The link for their brochure in pdf format is [https://lakecumberlandvacation.com/wp-content/uploads/2019/12/Lake-Cumberland-Visitors-Guide-2020\\_web.pdf](https://lakecumberlandvacation.com/wp-content/uploads/2019/12/Lake-Cumberland-Visitors-Guide-2020_web.pdf).
