

About Us

Rev. Maryalyce Merritt

Maryalyce is an Ordained Interfaith Minister who is naturally intuitive and clairsentient. She first began reading Tarot & Medicine Cards 25 years ago. Over the years, her journey has led her to learn and teach many different healing modalities. As she has done so, she has found that she is meant to offer this guidance and healing to others through readings, healing sessions, spiritual gatherings, and instruction. By using Energy Healing in conjunction with readings, she can provide enlightenment & guidance along your life's Journey. She channels the gentle, healing energy of the Spirit Guides, Angels, and Deity to assist fellow travelers in uncovering blocks that need to be released so that true healing may begin. This guidance and realignment of energy helps her clients to be more in tune with their personal truths and life paths. As part of her healing ministry, Maryalyce offers all sessions for humans & animals.

Akasha's Journey is a healing center, learning center, retail, and sacred space open to anyone seeking healing and guidance. We offer private and group healing through the modalities listed here, through our own practice, and by hosting guest practitioners. The space is warm and intimate, and is always a safe space for all who enter. Classes are offered in most of the healing modalities we offer so that our clients are empowered with being able to heal themselves and are offered in both group and individual settings.

We hand choose items which are aligned with healing and personal advancement, and ship worldwide. Hand crafted products are made in sacred space and blessed with healing vibrations for your journey.

Rock the World Lithotherapy Certification

☪ Rock the World Crystal Healing

Crystal healing uses a selection of healing crystals to remove blockages, get energy flowing, and restore balance of body, mind, and spirit. The practitioner works with the stones to restore flow and promote a deep healing response. A crystal healing session is a solution for fatigue, stress, anxiety, support for chronic illness, grief, trauma release, traumatic surgical release, headache, and more.

Rock the World is a Crystal healing modality that addresses physical, mental, emotional, and spiritual imbalances. Healing practitioners are taught to work intuitively as well as scientifically to address client imbalances. There is an understanding that for true healing to occur, the whole person must be the focus of the sessions.

This healing modality is the culmination of more than 25 years of research and hands-on experience, and the curriculum was written by Maryalyce Merritt, who owns and operates Akasha's Journey. There are currently 3 levels of Rock the World and more are being developed, as are smaller more focused topics.

Rock the World Level 1 approaches healing through the Chakras, or energy centers. We spend sixteen weeks learning about the 7 in-body Chakras and three of the trans-personal Chakras. Topics include Chakra development, symptoms of balance and imbalance, physical presentation of these, and techniques to regain balance. The science of Crystals is also taught.

Each week, students receive the written course material for one Chakra as well as a kit of healing crystals that are focused on that week. Concepts are reinforced through weekly assignments which are accessible online.

Other topics covered include client intake, confidentiality, record-keeping, business building plus crystal elixirs, cleansing space and materials, contraindications, and more.

At the end of ten weeks, there is a brief internship that will allow the students to apply their studies to real clients. Certification is awarded upon completion of all materials and the internship. Graduating students will also become eligible for a student discount on all healing crystals purchased through Akasha's Journey.

Included in Level 1 are the book we use for Chakra studies, 200+ pages of written materials, and a complete kit that includes more than 55 healing crystals.

Level 2 topics center around more in depth emotional support and healing.

Level 3 topics include the Elements, Introduction to Sacred Geometry, and platonic solids.

Level 4 addresses crystals and the Zodiac.

More levels coming!

Rock the World classes may be taken in person at Akasha's Journey or they can be taken at your own pace in your own space. Some semesters are also offered live through the Zoom platform. We are happy to email you the materials and assignments and ship you the healing crystals and good stuff. Either way, we try our best to set you up to succeed!

At Akasha's Journey we offer a growing number of classes, seminars, retreats, and opportunities for personal enrichment. We believe that true peace is found when we achieve knowledge of self and Spirit and that each of us walks a very personal path of connection. In our Sacred Space, all Paths are welcome. We hold this Sacred Space for you as you explore your own Healing Path of Body, Mind, Heart, and Spirit.

Our classes are offered in group and individual settings and we are happy to adapt our classes for schedules, student age, and learning abilities. We offer classes in Healing Modalities, Crafting, Esoteric subjects, Meditation, and many more. We also offer classes that focus on children and pets.
