

FIRST[®] ***FORWARDSM***

PRESENTED BY **Qualcomm**

Junkyard Robots

A way to engage everyone in the *FIRST* Experience
from toddlers to CEOs

Directions

- Using only the materials provided, create a robot to move as fast as possible down the race track
- Please keep your LEGOs on your tray
- You have 25 minutes to build before you race!
 - Each tray has been assigned shape - this matches your race track! (star, circle, square, triangle)
 - 2 robots will race at a time

Potential Audiences

- Young kids
- Older kids
- Potential or current sponsors
- Teachers
- People interested in starting a FIRST team
- Your team (makes a fun team building activity)
- Community members at a STEM fair

Junkyard Robots in a Nutshell

Pick up a flyer or scan the QR Code!
