

CAIRN INDIA-CEDRA MLI

**OZONE DAY
CELEBRATION Report**

Primary school, VINZUVADA, Dist Ahmedabad

DATE: 16th September 2016

The Event: OZONE DAY CELEBRATION

Drawing competition and exhibition to raise awareness on the importance of OZONE layer to mark the International World Ozone Day

Specific objective:

To aware the school children and local community about the role of the OZONE LAYER towards protecting the environment and surroundings and the damages being caused to the OZONE layer by the modern living style and to suggest the solutions by the medium of Drawings and Slogans.

Towards promoting the awareness on the issue of OZONE layer a completion among the school children of Vinzuvada Primary School was organized in the age groups of bellow 12 and above 12. Drawings with slogan writing were presented in the competition in the presence of all school children and some parents and teachers to send the desired message of awareness to the mass. Local school authorities and CAIRN India and CEDRA representatives remained present during the event. A wonderful drawing Exhibition was done after the competition and it was very much appreciated by all. Students addressed various issues responsible for the high emission and damage to the Layer of OZONE. They also used their text book to represent contemporary issues by linking them to the text.

They explained those drawings quite neatly and with full of confidence. The presence of teachers, village people and authorities inspired the participants and provided them a special boost to carry on the wonderful outcomes.

CAIRN India supported the initiative under the MLI activities in partnership with CEDRA NGO. CEDRA, as an implementing partner helped in organizing the event also made sure that we get proper acknowledgement.
