

CAIRN INDIA-CEDRA MLI

**DRINKING WATER
DISTRIBUTION IN BANK
QUEUE ,MANDAL**

DENA BANK, MANDAL, Dist AHMEDABAD

DATE: 30 Nov TO 4th DECEMBER 2016

IMPLEMENTED AND REPORTED BY

CEDRA

The Event: DRINKING WATER DISTRIBUTION IN BANK QUEUE

Specific objective:

To help the people standing in que for hours to withdraw cash or change the old currency due to Demonitization

Government of India took some corrective measures to control and fixed the black money after the IDS scheme. Following the IDS central government suddenly announced to stop the currency of Rs. 500 and 1000. Both the currencies were demonetized and people were asked to exchange their old currency against the new one. 50 days were given for the exchange but due to some practical issues of reaching the new currency to all the banks and ATMs, shortage of new currency was observed and people were forced to stand in a queue for hours.

Being a responsible corporate CAIRN India thought of helping the people with some intervention. After discussion with some bank manager it was decided to start a drinking water service for some days to help the people and to give the model to banks and other organization in organizing Water Distribution system outside the bank premises.

CAIRN India supported the initiative under the MLI activities in partnership with CEDRA NGO. CEDRA, as an implementing partner helped in organizing the event also made sure that we get proper acknowledgement.
