General Health Camp Report

❖ Acknowledgement

We acknowledge and thank to Cairn India Limited for its financial support for health project.

HelpAge India's Dwarkadish Health Unit, with its financial supporter Cairn India Ltd. jointly organized with Cedra Trust a Special Health Check Up camp for the community of **Bhogat village**. The objective of the camp was to provide secondary level health facility at free of cost.

In the run up of the camp SPO approached the local people from the community and Village's Sarpanch for being a helping hands during the camp. The preparation of the camp was started 20+ days before the camp day. The MHU, having the knowledge of Bhogat's secondary health need, it decided to have the specialties of **Gynecology, Ophthalmic, Orthopedic, Pediatrician General Physician and MBBS**. Local authorities were also approached for their legal consent and were also involved in the camp. To be convenient for the community the camp place, day and timings were discussed with local people so that mass group can avail the facility of the camp, the doctors who were serving during the camp were also approached for their needs specially medicines for the camps. The locally famous and prominent media were also informed about the cause and requested them to their support for pre and post notes. Kothecha Hospital ,

Jam Khambhaliya showed their consent by supporting us into disposal of **Bio Medical Waste**, and precautions of disinfecting the waste was put in a separate container of **Sodium Hypo Chloride** during the camp. Arrangement of Tent with patients waiting area and sitting facility was also done for smooth and easy operation. Publicity was done through **pamphlet distribution and mouth to mouth awareness through volunteers.**

The Camp Day:

As per the planning the arrangements was done by 9.00am with the support of volunteers. The medical team reached the place at 9.15am, with a small inauguration by the Chief Guest of Carin Authority, Sarpanch and invited guests, then we started the activity, we came for. With the targeted aim and objective of the camp, a major benefit of the camp was the awareness, counselling that was done by the doctors. Doctors diagnosis all the patients and prescribed them the required medicines, which the patients availed from the medicines counter free of cost. The camp ended about **2:30 pm** with smiling faces in the community.

35-54	55	88	143	33%
19-34	19	25	44	10%
0-18	43	49	92	22%
Total	187	240	427	100%

Conclusion

This camp brings health awareness in people and fosters them towards their health care. The people who are not in the position to spend money on their medicines and check-up got benefits through this. It was a growth experience for all and one with satisfying opportunities to help others less fortunate. The response and appreciation of the people was very encouraging this brings the satisfaction of fulfilment of our objective.

We would like to continue such type of health awareness camp in present as well as in future.
