

Micro level Intervention by CEDRA in partnership with CAIRN India

Report:

Intervention:

Women Empowerment through Distribution of Track suits to Girls

Who won District Championship

Date: 2nd February 2015: School Name: Trent Primary School, Mandal Block.

Report by CEDRA

CAIRN India under its Micro Level Intervention project supports various educational and other developmental activities in partnership with its partner agencies. Community living nearby Cairn operational area comes up with genuine request to boost their efforts to motivate education and other activities for holistic development.

Considering such request from school principal of Trent village, CAIRN India provided track suites to the girls of Trent Primary school who won the district championship in Ahmedabad district level competition. This intervention was done to motivate the winners, especially girls for further inspiration and progress.

School principal, teachers, student and parent appreciated CAIRN India's intervention towards women empowerment by acknowledging girl child's achievements.
