Qualified HWS staff will be trained and screened in accordance with the highest standards of the Bureau of Disabilities Services (BDS), in the State of Indiana. HWS will make sure that an individual's goals are implemented in accordance with the most recent Person-Centered Individualized Support Plan (PCISP).

## Steps to your **Hometown** of tomorrow

- 1.** Apply for CIH/FSW Waiver at your local Bureau of Disabilities Services District Office. There are 8 BDS District Offices throughout the State. It is helpful to apply as soon as you identify a need for waiver services. You must also apply for Medicaid.
- 2.** Once awarded a waiver slot, choose a Case Manager. Case management can be found on the In.gov website. <https://www.in.gov/fssa/ddrs/case-management-innovation/>
- 3.** Choose a service provider (Hometown Waiver Solutions) and identify the services you desire.
- 4.** Contact one of our offices and begin the application process.
- 5.** Complete the HWS onboarding and training activities.
- 6.** Begin services!

### Why **Hometown**?

- A family-owned company whose mission is to provide the best possible service to those who need it.
- Increasing footprint allowing us to provide services statewide.
- **Industry leading caregiver wages.**
- Innovative thinking to maximize your care needs.

## CIH & FSW Waivers

Individuals must meet HCBS waiver eligibility and Medicaid eligibility guidelines in order to be eligible for a Medicaid HCBS waiver. To be eligible individuals must:

- Be diagnosed as having an intellectual disability prior to the age of twenty-two (22).
- Reside in or be transitioning into an HCBS-compliant setting (non-institutionalized).
- Have income no greater than 300% of the maximum Supplemental Security Income amount (parental income for children under 18 years of age is disregarded).
- Meet Intermediate Care Facility for Individuals with Intellectual Disabilities/Development Disabilities (ICF/IID) level of care.

---

To be eligible for intellectual disability services, an individual must meet the required ICF/IID level of care. Level of care is the minimum need an individual must have to be considered eligible for HCBS waiver services. Level of care is evaluated when you apply and then at least once a year after that. For the purposes of ICF/IID level of care, a person must have a disability that:

- Results in impairment of functioning similar to that of a person who is intellectually disabled, including autism spectrum disorder, epilepsy, cerebral palsy, or a similar condition (other than mental illness).
- Originates before the person is 22 years of age.
- Has continued or is expected to continue indefinitely.
- Substantially limits the person's ability to function normally in society in three of the six major life areas: self-care, receptive and expressive language, learning, mobility, self-direction, and capacity for independent living.
- Requires access to 24-hour assistance, as needed.

## Our Beliefs & Values

**We believe that the individuals we support are unique individuals who have intrinsic worth and the right to live a life of dignity. We believe that it is our role to support and empower the individual, and to encourage the individual to make his or her own informed decisions whenever possible.**

**We believe that the individual with disabilities has the right to live a meaningful life while fully participating in the community at large.**

**We believe in providing quality, humane care in a safe environment and protecting the individuals in our care from harm.**

**We believe in supporting and assisting the individuals in our care to remain connected to natural support networks.**

**We believe in ensuring the rights of the individuals in our care.**

**We believe in operating respectfully with the individuals, their family members and guardians, employees, as well as with other related agencies, state representatives and the community at large.**

**We believe in training, supporting, and empowering our employees to perform at their best at all times.**
